During the previous year ended 31 March 2020, the Company had carried out a detailed assessment of the recoverability of its investments and loans & advances duly considering revenue projections of the subsidiaries based on the most recent long-term forecasts, resultant cash flows using an appropriate discount rate as well as significant estimates and judgements involving certain new projects and expected clearances and approvals from relevant authorities. All of these estimates and judgements have inherent uncertainties and the actual results may differ from that estimated as at the date of the Balance sheet. The estimation of revenue projections is based on the Management's assessment of probability of securing new businesses in the future, duly considering adverse business impact and uncertainties arising on account of the COVID-19 pandemic to the extent known. The Management has concluded that the carrying value of the investments, net of the above provision, and Loans & Advances are recoverable duly considering the expected future business projections as at 31st December 2020, as there has been no significant adverse changes in the results of operations during the quarter and nine months ended 31st December 2020 and cash flows during the nine months from what was previously estimated.
- A nation-wide lockdown was announced by the Government of India w.e.f. 24 March 2020 as a result of the outbreak of COVID 19 pandemic. Due to the lockdown announced by the Government of India, since 24 March 2020 the operations of the Company came to a temporary-halt. As per MNRE guidelines, Solar Power Generating plants continued in operation with the plant staff after obtaining permission from the local authorities.
The Company is assessing the recoverability of receivables, property plant and equipment, other intangible assets and certain investments and considered internal and external information up to the date of approval of the financial results including credit reports and economic forecasts. The Company has performed sensitivity analysis on the assumptions used and based on current indicators of future economic conditions, the Company expects to recover the carrying amount of these assets. The eventual outcome of impact of the global health pandemic may be different from those estimated as on the date of approval of these financial results.
- The Company has opted for the concessional rate of tax as per the Taxation Laws (Amendment) Ordinance, 2019 and considering the eligible carry forward losses, no tax provision has been made for the quarter and nine months ended 31 December 2020.

3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity', issued by the Institute of Chartered Accountants of India (ICAI). A review of interim financial information consists of making inquiries, primarily of the Company's personnel responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing specified under section 143(10) of the Companies Act, 2013 and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
4. Based on our review conducted as stated in paragraph 3 above, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with the recognition and measurement principles laid down in the aforesaid Indian Accounting Standard and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, including the manner in which it is to be disclosed, or that it contains any material misstatement.

5. We draw attention to Note 2 of the standalone unaudited financial results, which describes the Management's assessment of impairment in two operating subsidiaries and its assessment of the carrying value of investments and loans & advances given to two subsidiaries, either on account of erosion of networth and/or significant reduction in revenues in those subsidiaries.

The Company has also taken into consideration the adverse business impact and uncertainties arising from COVID 19 pandemic. Such estimates are based on current facts and circumstances and may not necessarily reflect the future uncertainties and events arising from the full impact of the COVID 19 pandemic.

Our opinion is not modified in respect of this matter.
