18	EPS(₹)	22.29	16.04	21.39	17.18

The Company had revisited the projections made in the financial year 2019-20 on the recoverability of its investments on an annual basis taking into account the probable beneficial results arising from various initiatives being undertaken with regard to restructure of the customer contracts, submission and pursuing with appropriate authorities (by legal right with TANGEDCO for release of NOC) on relevant claims and recoverability of REC sales. This resulted in the Company considering an additional diminution in the value of its investments in subsidiary (SWELECT Green Energy Solutions Private Limited) during the previous financial year ended March 31, 2021. The same was considered as an exceptional loss in the financial results of the Company.

STATE OF THE COMPANY'S AFFAIRS

MAJOR LINE OF BUSINESS

- I – Manufacturing: Solar PV Modules, Solar Inverters and Mounting structures
- II – Solar Power Systems Integration & Turnkey EPC contracts
- III – Solar Power Generation - Independent Power Producer (IPP), Renewable Energy Service Company (RESCO)
- IV – Solar water pumping
- V – Servo stabilizers
- VI – Solar Energy Storage Solutions (new vertical)

SWELECT continues to be a world class Solar Photovoltaic (PV) Solution provider with the reputation of having given the highest quality of products and services.

GENERAL REVIEW OF THE BUSINESS OF THE COMPANY:

During the year, the Company registered a turnover (Standalone) of ₹ 28,572.86 Lakhs against the previous year turnover of ₹ 18,453.22 Lakhs registered a growth of 54.84 % compared to previous year turnover. The Company recorded a Profit of ₹ 3,379.07 Lakhs against the previous year Profit of ₹ 2,431.15 Lakhs registered a growth of 38.99 %.

DIVIDEND

The Board of Directors have recommended a final Dividend of ₹ 3/- (Rupees Three Only) per equity share [@ 30% on the Equity Share Capital of ₹ 15,15,87,600/- (Rupees Fifteen Crore Fifteen Lakhs Eighty Seven Thousand Six Hundred Only)], for the year ended 31st March 2022, subject to the approval of the shareholders at the ensuing Annual General Meeting of the Company. The outflow for the Company would be ₹ 454.76 Lakhs towards final dividend.

As per the Finance Act, the dividend amount is taxable in the hands of shareholders, if it exceeds ₹ 5,000/- (Rupees Five Thousand Only) in a financial year and accordingly the payment of dividend is subject to the deduction of income tax as applicable.

SHARE CAPITAL

During the year under review, there was no change in issued, subscribed and paid-up equity share capital of the Company. On March 31, 2022, it stood at ₹ 15,15,87,600/- divided into 1,51,58,760 Equity Shares of ₹ 10/- each.

TRANSFER TO GENERAL RESERVE.

During the year, your Company has not proposed to transfer any amount to general reserve.

SUBSIDIARIES, JOINT VENTURES OR ASSOCIATE COMPANIES

As on 31.03.2022, the Company has Seven Wholly Owned Subsidiaries (Out of which Two are outside India), Two subsidiary and Two step down subsidiaries as on the date of this report. The Board of Directors at their meeting held on 26th May 2022, have approved the consolidated financial statements of subsidiaries. In pursuant to the provisions of section 129(3) of the Companies Act, 2013 read with Rule 5 of the Companies (Accounts) Rules, 2014, (as amended) a statement containing salient features of the financial statements of the Company's subsidiaries, in Form AOC-1 is attached to the financial statements of the Company. The Company does not have Associates or Joint Ventures as on the date of this report.

SWELECT HHV SOLAR PHOTOVOLTAICS PRIVATE LIMITED:

The construction of the new 500 MW Solar PV Module Manufacturing plant is underway and targeted to start its commercial operations by end of FY 2022-23. We expect this plant to cater to major utility scale developers, the C&I segment as well as the export market.

NEWLY INCORPORATED SUBSIDIARIES:

SWELECT RENEWABLE ENERGY PRIVATE LIMITED

The Company was incorporated on 23.06.2021 for the purpose of executing Solar Power Project under Group Captive Model and developed solar power generation facilities at Manparai Village, Musiri Taluk, Trichy District, Tamil Nadu, having solar PV generator of capacity 11 MW capacity ("Solar Plant") under Captive Use Scheme through Intra State Open Access System with the intention of supplying contracted quantity of electricity to third party customers.

The company has successfully commissioned the said Solar Power Plants and commenced the commercial generation of solar power from 26.03.2022 onwards.

SWELECT RE POWER PRIVATE LIMITED

The Board of Directors at their meeting held on 11.04.2022 had given an approval for incorporating a Wholly Owned Subsidiary (WOS) namely SWELECT RE Power Private Limited to set up a solar power plant under Captive use scheme and the said WOS was incorporated on 22.04.2022.

The construction of solar power plant will be commenced once the proposals from the industrial consumers are materialized and the electricity generated by the above WOS will be sold to the industrial consumers who are grouped under Captive use scheme after executing the necessary agreements as per the requirement of Electricity Rules.

DEPOSITS

The Company did not receive deposits from the public during the year and no amount of principal or interest was outstanding as of the Balance Sheet date.

All contracts / arrangements / transactions entered into by the Company during the financial year with Related Parties were in the ordinary course of business and on an arm's length basis. During the year, the Company has entered into transactions with its subsidiary company namely SWELECT Renewable Energy Private Limited (SREPL) for Sale and Purchase of goods /materials (Sale of solar panels and its allied products) and rendering services and Leasing of properties to aid the construction/operations of solar power plant set up by the above subsidiary under the Group Captive Generation Scheme.

Pursuant to Regulation 23(4) of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (Listing Regulations), the above said transactions were falling under material related party transaction and hence approval of the Members through Resolution was required to be obtained. Accordingly, the Company obtained the approval of Shareholders through postal ballot process. The results of the same were communicated to the Stock Exchanges on 14.3.2022.

The disclosure required u/s 134 (3) (h) of the Companies Act, 2013 in form AOC-2 is being annexed to this Report. The Policy on materiality of Related Party Transactions and on dealing with related party transactions approved by the Board can be accessed on the Company's website www.swelectes.com under investors page. Members may refer to the notes to the financial statements which set out related party disclosures for the current and previous financial year.

SIGNIFICANT AND MATERIAL ORDERS

During the year there were no significant and material orders passed by the Regulators or Courts or Tribunals impacting the going concern status and company's operations in future.

INTERNAL FINANCIAL CONTROL SYSTEMS AND THEIR ADEQUACY

The details in respect of internal financial control and their adequacy are included in the Management Discussion and Analysis, which forms a part of this report.

ANNUAL BOARD EVALUATION AND FAMILIARIZING PROGRAMME

The Board at its meeting held on 09.02.2022 carried out an annual evaluation of its own performance, the directors and committees of the Board based on the guideline formulated by the Nomination & Remuneration Committee. Board composition, quality and timely flow of information, frequency of meetings and level of participation in discussions were some of the parameters considered during the evaluation process.

Further, during the year the Independent Directors of the Company met on 11.02.2022 to review the performance of non-independent directors, Chairperson of the Board and the Board of Directors as a whole. The Independent Directors had conveyed their satisfactory opinion with regard to review and access of certain details as stated above.

The Independent Directors of the Company are being familiarized by the management and outside professional experts at frequent intervals with regard to nature of the business, business model, their roles, rights and responsibilities and other relevant information to the Company. The details of the programs attended by the Independent Directors are available on the website of the Company.

MATERIAL CHANGES AND COMMITMENTS AFFECTING THE FINANCIAL POSITION OF THE COMPANY

There were no material changes and commitments affecting the financial position of the Company between the end of the financial year 31st March 2022 and the date of this report 26th May 2022.

DISCLOSURE OF ACCOUNTING TREATMENT

The Company has followed the Accounting Standards specified under Rule 3 and 4 of the Companies (Indian Accounting Standards) Rules, 2015 (as amended) to the extent applicable, in the preparation of the financial statements.

CORPORATE GOVERNANCE CERTIFICATE

A report on Corporate Governance as stipulated under SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, is attached to this Report.

A Compliance Certificate from Mr. R. Kannan, Partner of KRA & Associates, Practicing Company Secretaries, regarding compliance of conditions of Corporate Governance as stipulated under the aforesaid regulation is also annexed to this report.

DIRECTORS' RESPONSIBILITY STATEMENT

In accordance with the provisions of section 134(5) of the Companies Act, 2013, your directors confirm that:

- (a) in the preparation of the annual accounts, the applicable accounting standards had been followed;
- (b) the Directors had selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the company at the end of the financial year and of the profit of the company for that year;
- (c) the Directors had taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of this Act for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities;
- (d) the Directors had prepared the annual accounts on a going concern basis;
- (e) the Directors had laid down internal financial controls to be followed by the Company and that such internal financial controls are adequate and were operating effectively; and
- (f) the Directors had devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems were adequate and operating effectively.

DETAILS IN RESPECT OF FRAUDS REPORTED BY AUDITORS UNDER SUB-SECTION (12) OF SECTION 143 OTHER THAN THOSE WHICH ARE REPORTABLE TO THE CENTRAL GOVERNMENT

The Statutory Auditors have stated that, no fraud by the Company or no material fraud on the Company by its officers and employees had been noticed or reported during the year.

DECLARATION BY INDEPENDENT DIRECTORS

Pursuant to Section 149 (7) of the Companies Act, 2013, the Independent Directors of the Company have given a declaration to the Company that they qualify the criteria of independence as required under Section 149(6) of the Companies Act, 2013 and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

POLICY ON NOMINATION AND REMUNERATION AND PERFORMANCE EVALUATION OF DIRECTORS, KMP AND SENIOR MANAGEMENT PERSONNEL

The Board, based on the recommendation of the Nomination and Remuneration Committee, had formulated a policy on remuneration of Directors, Key Managerial Personnel and Senior Management Personnel of the Company. The policy covers the appointment, including criteria for determining qualification, positive attributes, independence and remuneration of its Directors, Key Managerial Personnel and Senior Management Personnel. The Nomination and Remuneration Policy is given in Annexure -4. The same is also available on the Company's website under a web link <https://swelectes.com/wp-content/uploads/2018/01/Nomination-remuneration-policy.pdf>

PARTICULARS OF EMPLOYEES

Pursuant to Section 197 read with rule 5 of the Companies (Appointment and Remuneration of Managerial Personnel) Amendment Rules, 2016, the required details are given in Annexure - 5.

SECRETARIAL STANDARDS

The Company has complied with all the applicable Secretarial Standards issued by the Institute of Company Secretaries of India during the year in pursuant to the directions of Ministry of Corporate Affairs.

ACKNOWLEDGEMENT

Your Board places on record its appreciation of the support and co-operation received from the Government of India, State Governments, Banks, Suppliers, Employees, Customers and Vendors, whom your company looks upon as its valued partners in the path of progress. Your Directors also wish to place on record their appreciation for the valuable services rendered by Depositories, Stock Exchanges and the Registrar and Transfer Agent. Your Directors thank all valuable Investors who have been with the Company all these years and are also very much pleased to welcome all the new Investors and thank them for their continued patronage and confidence reposed in the Management.

MANAGEMENT DISCUSSION AND ANALYSIS

INDUSTRY STRUCTURE AND DEVELOPMENTS

KEY HIGHLIGHTS

The year 2021-22, India has seen a huge growth in the Solar PV Industry with an addition of 13,549 MW of renewable energy generation capacity which is 128% growth in the energy generation capacity. Of the 13,549 MW of addition, 12,438 MW was solar and 1,111 MW was wind. Against the various challenges in the Industry and the economy, SWELECT has shown great resilience and growth. SWELECT continues to be one of the most reliable EPC and IPP partners offering best in class installations as well as guaranteed power generations. SWELECT has earned its reputation for its industry leading O&M (Operations and Maintenance) service which has assured highest uptime for its customers. Further, SWELECT has established its presence in the Channels and Distribution market with high quality Bloomberg Tier 1 Solar PV Modules and Module Mounting Structures.

The company during the year faced challenges such as price increase in raw material, logistics cost escalation and high rupee depreciation against dollar. Despite these challenges, SWELECT has shown considerable growth and revenue due to its high brand value, reputation built with the customers as a result SWELECT was able to garner repeat orders from its existing customers.

SOLAR POWER GENERATION AND SYSTEMS INTEGRATION (NEW ADDITIONS):

1. SWELECT and its group have been successful in adding more than 35 MW of Solar Projects in its IPP portfolio.
2. SWELECT is proud to announce that it has achieved a cumulative capacity of 100 MW IPP Plants milestone.
3. SWELECT has successfully designed, engineered and commissioned more than 34 MW of Projects for its various clients under our EPC vertical out of which 9.5 MW Solar project, near Erode, for a Dairy major which was adjudged the best solar project of the year.
4. SWELECT has done well in the Channels and Distribution market with over 150% growth in this segment.

BUSINESS DEVELOPMENT IN NEW MARKETS:

SWELECT is proud to announce that it has once again listed in Bloomberg's Tier 1 Module Manufacturer globally through all the quarters of the year.

SWELECT is actively working on several prototypes to get into the Energy Storage Market and is also evaluating various other sustainable technologies and international partners to collaborate on the same.

SWELECT is also in the process of establishing a new 500 MW Solar PV Module Manufacturing through one of its Wholly Owned Subsidiary which will support the market with latest highest efficiency solar PV modules.

IRON AND STEEL FOUNDRY PRODUCTS:

AMEX Alloys Pvt. Limited, a Wholly Owned Subsidiary (WOS) of SWELECT Energy Systems Ltd, is an ISO 9001- 2015 certified Foundry located in Coimbatore sub urban area. AMEX is also qualified with the following Accreditation / Qualification to stay as a strong producer of Quality Castings for the Global markets.

Accreditation / Certification ISO 9001:2015 / PED / AD W0 by TUV NORD / Indian Boiler Regulation (IBR)

AMEX Alloys Pvt Ltd is engaged strongly with customers in Germany, Italy, Spain, Poland, and USA besides many Indian Industries.

The overall Global and Domestic Market / Application areas where High Quality castings are being supplied are:

- Oil & Gas
- Transportation
- Marine
- Pharmaceuticals
- Infrastructure
- Agriculture
- Water Distribution
- Hydro Power and many Flow Control applications

AMEX has three divisions of foundry units viz.,

Alloys Division: Design, Manufacturing, Machining & Export of a wide range of Steel Castings (using CO₂ sand Process, cake moulds and a range of intricate core assembly based complex moulds). The range of castings cover WCB / Stainless Steel / Duplex and Special alloy steel. The division is making weight range of a single Casting from 10 Kgs up to 3520 Kgs.

Iron Foundry Division: Design, Manufacturing, Machining & Sales in domestic markets and Export of a wide range of Iron Castings in Grey Iron and Spheroidal Graphite Iron (using CO₂ and Green Sand Process) metallurgy.

The division is making weight range of a single Casting from 1 Kg up to 800 Kgs.

Investment Casting Division: Design, Manufacturing, Machining & Export of a wide range of Investment Castings (using lost Wax process and advanced Machinery).

The division is making the weight range of a single Casting from 100 grams up to 62 Kgs.

The above capabilities make **AMEX Brand as India's first Foundry Group offering all the above under one roof and a One-Stop- Solution provider.**

AMEX - Green Initiatives:

The foundry uses very less quantum of new sand by adapting to sand reclamation process thus reducing use of natural resources.

Also maximum Energy is consumed from Green Energy sources (Solar and Wind Power) from AMEX's own Solar plant and from SWELECT Group. As a WOS of SWELECT, AMEX Foundries have the distinction of running the foundry production with more than 85% of the Energy from Renewable Energy Sources and this is yet another special status.

Foundry with latest state of art facilities:

AMEX has been deploying the most advanced casting design tool (MAGMA Simulation Software). The design team has been trained in MAGMA and this has enhanced AMEX to secure new orders from the existing customers and new customers from Europe. During this Financial Year, AMEX also exhibited its special skills and produced a range of intricate castings like Diverter valves, Flame Arrestor Bodies and Special Castings of higher weight range for German customers.

The Company has earned foreign exchange of over ₹ 7,427.56 Lakhs in Euros and US Dollars during the financial year 2021-22 from the Exports to Europe, USA and China despite the COVID-19 pandemic situation Globally.

AWARDS / CREDENTIALS

- Solar Quarter Grand Masters India Awards 2021
 - Excellence in Technology Leadership
 - Excellence in Design & Engineering Leadership
- Soft disk Awards 2021
 - SD's No.1 Company for having completed largest number of roof top installations
 - SD's No.1 Hybrid Solar PV Power Solution Provider of the Year
 - SD's No.1 Grid Sharing Solar PV Power Solution Provider of the Year
 - SD's No.2 SPCU Manufacturer of the Year
 - SD's No.5 Solar PV Panel Manufacturer of the Year
- PV Module Week India Excellence Awards 2021
 - Quality Excellence - Solar Modules
 - PV Modules Series - Best Performer
 - PV Modules Series - Customers Choice
- Industry outlook –
 - Top 10 Solar Panel Manufacturers 2021
- Solar Quarter Leadership Meet-South India 2021 Consumer's choice awards
 - Solar Modules -PERC
 - Solar Modules - <1000V
- India Rooftop Solar Congress 2022 Awards'. -
 - Company of the Year: Structural Engineering
- 3rd India Green Energy Awards -
 - Outstanding RE Equipment manufacturers and technology Developers - Solar

OPPORTUNITIES

The global pandemic had set back the entire world economy but at the same time, the world has understood the impact of climate change, importance of energy security and cost reduction measure by going for more cost economic sources of energy. With various countries across the world signing up for bigger targets on climate change, COP26 summits aiming for carbon footprint reduction as well domestic targets and policies leading to better solar power implementation will help SWELECT grow in the Indian market as well as abroad. Also, the Government's intervention with introduction of Basic Customs Duty (BCD) for cells at 25% and modules at 40% will bring the Indian solar manufacturers at par with the imported modules. This intervention combined with SWELECT's brand name and image opens up a wider market for our product range. The increasing fossil fuel costs are another drivers for Solar Power opportunity.

THREATS

International geopolitical issues, government policies, shipping cost increase, metal price increase and rupee depreciation against the dollar are forcing the developer to invest more. This might be a temporary threat and SWELECT is working on counter measures.

SEGMENT-WISE OR PRODUCT-WISE PERFORMANCE (STANDALONE)

The Business of the Company falls under a single primary segment i.e., "Solar and other related activities" for the purpose of IND AS 108.

The Segment-wise and product-wise performance of the Company for the financial years 2020-21 and 2021-2022 are provided below:

(₹ in Lakhs)

Product Name	Revenue	
	31.3.2022	31.3.2021
Solar Photovoltaic Panels	6,742.19	4,806.73
Solar Power Generating Systems and accessories	11,584.75	5,311.66
Traded Goods	268.60	2,545.38
Solar Power	3,772.26	3,319.22
Wind Power	98.70	100.03
Sale of Services	4,070.02	1,875.49
Grand Total	26,536.52	17,958.51

OUTLOOK

The Indian solar industry was able to come out of the COVID related challenges and is showing signs of recovery. The outlook for solar industry is looking promising as more and more Indian and multinational companies have increased focus on Environment, Social and Governance. The newer mandates for carbon neutral circular economies have made major corporates and business houses to relook at their carbon foot print both internally and externally.

With more and more automation being adopted by all industries, has contributed to increased per capita energy consumption. Renewable energy especially solar, is the most viable clean energy source both environmentally and economically given its nature of scalability and deployment.

RISKS AND CONCERNS

The various threats that were highlighted earlier might lead to additional solar development and investment costs. We do not view these as risk factors since the grid parity for solar energy is very much possible and hence will not affect us significantly.

RISK MANAGEMENT COMMITTEE

The Company is not falling under the category as specified in Regulation 21(5) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. However, the Company constituted a Risk Management Committee to continuously monitor business and operations risk through an efficient risk management system.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has an Internal Control System, commensurate with the size, scale and complexity of its operations. The scope and authority of the Internal Audit function is defined by the management.

The internal audit report for every quarter ended are being submitted to the Audit Committee of the Board by the Internal Auditors.

The Internal Auditors monitor and evaluate the efficacy and adequacy of internal control system in the Company, its compliance with operating systems, accounting procedures and policies at all locations of the Company. Significant audit observations and

recommendations along with corrective actions thereon are presented to the Audit Committee of the Board. Based on the report of internal auditors, the Audit Committee/Management of the Company undertakes corrective action in the respective areas and thereby strengthens the controls.

FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE

Standalone

During the year, the Company registered a turnover of ₹ 28,572.86 Lakhs against the previous year turnover of ₹ 18,453.22 Lakhs registered a growth of 54.84% compared to previous year turnover. The Company has reported a Net Profit after tax for the current year ₹ 3,379.07 Lakhs against the previous year Profit of ₹ 2,431.15 Lakhs registered a growth of 38.99%

The Earnings per Share (Basic and Diluted) for the year 2021-2022 stood at ₹ 22.29

Consolidated

During the year, the Company registered a turnover of ₹ 39,111.10 Lakhs against the previous year turnover of ₹ 25,253.61 Lakhs registered a growth of 54.87% compared to previous year revenue.

The Company has reported a Net Profit after tax for the current year ₹ 3,241.74 Lakhs against the previous year Profit of ₹ 2603.59 Lakhs registered a growth of 24.51% compared to previous year revenue.

THE FINANCIAL HIGHLIGHTS OF THE COMPANY FOR THE NINE YEARS (Standalone).

* Excludes directorship in the Companies incorporated outside India.

As on date, the Board of Directors consists of both Executive and Non-Executive Directors.

Executive Director : 5

Non-Executive Director : 5

ii) Details of Board Meetings held during the year:

26.04.2021, 14.06.2021, 13.08.2021, 02.11.2021 and 09.02.2022.

iii) Disclosure of relationships between Directors inter-se:

- Mr. R. Chellappan is the father of Mr. V.C. Raghunath and Ms. V.C. Mirunalini, Whole Time Directors.
- Mr. K.V. Nachiappan is the husband of Ms. Jayashree Nachiappan, Non-Executive Director.
- None of the other Directors are related to each other.

iv) Number of shares and convertible instruments held by Non-Executive Directors as on 31.03.2022

Name of the Director	Category	Number of Equity shares	Convertible Instruments
Mr. S. Annadurai	Chairperson, Non-Executive, Independent Director	262	Nil
Mr. G.S. Samuel	Non-Executive, Independent Director	15	Nil
Mr. S. Krishnan	Non-Executive, Independent Director	0	Nil
Ms. Jayashree Nachiappan	Non-Executive, Non-Independent Director	1375	Nil
Dr. S. Iniyan	Non-Executive, Independent Director	0	Nil

v) Web link where details of familiarization programs imparted to independent directors is disclosed:

<https://swelectes.com/wp-content/uploads/2022/04/Familiarization-Programme-21-22.pdf>.

vi) The following are the skills / expertise / competence of the board of directors to be able to monitor and contribute towards the business growth effectively:

Systems and Practice:

The Board has a set of systems and practices to ensure that the Company's performance is monitored periodically and guided internally for improvement of the Company's overall performance. Directors ensure best practices in all transactions and all divisions are being managed in a manner which ensures accountability, transparency and fairness in all transactions.

Governance:

The Board upholds the core values of transparency, integrity and accountability in all facets of its operations and maintains the highest standards of Corporate Governance in its conduct towards the shareholders, customers, suppliers and the Government. All Committees ensured that the governance areas are well addressed.

During the year, none of the Independent Directors of the Company had resigned before the expiry of their respective tenure(s). The core skills / expertise / competencies as identified by the Board of Directors as required in the context of the Company's business(es) and sector(s) for it to function effectively and those actually available with the Board are given below. The matrix below highlights the skills and expertise, which are currently available with the Board of the Company.

Name of the Director	Area of skills/expertise/competence							
	Leadership and operational experience	Strategic planning	Sector/ Industry knowledge & Experience	Research and Development and Innovation Technology	Financial	Legal and Regulatory	Risk Management	Corporate Governance
Mr. S. Annadurai	✓				✓	✓	✓	
Mr. R. Chellappan	✓	✓	✓	✓	✓	✓	✓	✓
Mr. A. Balan	✓		✓					
Mr. K. V. Nachiappan			✓					
Mr. V.C. Raghunath		✓	✓					
Ms. V. C. Mirunalini			✓	✓				
Ms. Jayashree Nachiappan			✓		✓			
Mr. G. S. Samuel		✓	✓		✓	✓	✓	✓
Mr. S. Krishnan			✓		✓	✓	✓	✓
Dr. S. Iniyan			✓	✓				

It may also be noted that the absence of a mark, against a member's name, does not necessarily mean the member does not possess the qualification and other such skills.

vii) Confirmation with respect to Independent Directors:

The Board has confirmed that the independent directors have fulfilled the conditions as specified in the SEBI (LODR) Regulations, 2015 and are independent of the management.

3) AUDIT COMMITTEE

i) Brief description of terms of reference:

Financials

- Review of the quarterly/half-yearly/annual financial statements with reference to changes, if any, in accounting policies and reasons for the same.
- Major accounting entries involving estimates based on exercise of judgment by management, adjustments, if any, arising out of audit findings.
- Compliance with listing and legal requirements relating to the financial statements, qualifications if any, in the draft audit report

Internal controls and risk management

- Review of internal audit function and discussion on internal audit reports.
- Review of vigil mechanism and adequacy of internal control systems.
- Evaluation of internal financial controls and risk management systems.

Compliance and other related aspects

- Approval or any subsequent modification of transactions of the Company with related parties.
- Scrutiny of inter-corporate loans and investments.
- Valuation of undertakings or assets of the Company.
- Uses/application of funds raised through an issue.
- Review and recommendation of appointment, remuneration and terms of appointment of statutory auditors.
- Review and monitor the auditor's independence, performance and effectiveness of audit process.
- Review of other services rendered by the statutory auditors.
- Review of the management discussion and analysis of the financial conditions and results of operations, significant related party transactions, management letters issued by statutory auditors, internal audit reports.
- Monitoring the end use of funds raised through public offers and related matters.
- Approval of appointment of chief financial officer after assessing the qualifications, experience and background, etc. of the candidate.

ii) Composition, name of members, chairperson, meetings and attendance during the year:

Name of Members and Chairperson	Category	No. of Meetings held	Attendance
Mr. G.S. Samuel	Chairperson, Non - Executive, Independent Director	5	5
Mr. S. Annadurai	Member, Non - Executive, Independent Director	5	5

2	Solar Photovoltaic Modules Manufacturing Plant & Research and Development	No.31 to 34 & 37, KIADB Industrial Area, Phase-1, Dabaspeth, Nelamangala Taluk, Bengaluru - 562111, Karnataka.
Locations of Wind and Solar Power Plants		
Sl No.	Details of Plant	Location
1	1.1 MW Solar Power Plant	SF. No. 166 & 169, Sembagoundan Pudur, No. 51, Kuppepalayam Village, Coimbatore - 641107, Tamil Nadu.
2	0.5 MW Wind Mill Power Unit - 3 Nos	296,224/1 & 294, Naranapuram Village, Ponnapuram, Dharapuram Taluk, Tiruppur District - 638657, Tamil Nadu.
3	10 MW Solar Power Plant	SF. Nos. 369/4, 413/3A, 129/6, 413/2, 407/2, 408/1, 408/2, 408/3, 413/1A, 414/1, 414/2, 584/1B, 584/2, 395/2, 396/1, 396/2, 396/3A, 396/3B, 407/1B, 407/1C1, 129/7 & 414/4A Kolakudi Village, Thottiyam Taluk, Musiri, Trichy - 621208, Tamil Nadu.
4	12 MW Solar Power Plant	SF. No. 894/B1, 894/B2, 894/B3, 895/1, 895/2, 895/3, 895/4, 895/5, 895/6, 895/7, 914/1, 914/2, 914/3, 914/4, 913/1, 913/2, 913/3, 913/4, 913/5, 913/6, 902/1, 902/2, 915, 916, 929/B2, Monjanur Village, Aravakurichi Taluk, Karur District - 639206, Tamil Nadu.
5	3 MW Solar Power Plant	SF. No. 902/1 & 899/3 Monjanur Village, Aravakurichi Taluk, Karur District - 639206, Tamil Nadu.
6	2 MW Solar Power Plant	SF. No. 895/1(P), 895/2(P), 895/4(P), 896/2(P), 899/2(P), 899/3(P), 899/4(P), 899/5(P) and 899/6(P) Monjanur Village, Aravakurichi Taluk, Karur District - 639206, Tamil Nadu.
7	5 MW Solar Power Plant	SF. Nos. 1107, 1108, 1116 and 1091 Monjanur Village, Aravakurichi Taluk, Karur District - 639206, Tamil Nadu.
8	10 MW Solar Power Plant	SF. No. 1989, 2101/B1 to B3, 2107/1 to 4, 2101/A1 & 2108/2, Senthamangalam (West) Village, Aravakurichi Taluk, Karur District, Tamil Nadu.
9	2 MW Solar Power Plant	SF. Nos. 2107/1, 2107/2, 2107/3, 2107/4 and 2108/2, Senthamangalam (West) Village, Aravakurichi Taluk, Karur District, Tamil Nadu.

Plant Locations of Wholly owned Subsidiaries		
1	Amex Alloys Private Limited - Manufacturing of Iron, Alloy and Investment Casting	SF. No. 289/2, Kunnathur Pudur (PO), Sathy Road, Coimbatore - 641107, Tamil Nadu.
2	Amex Alloys Private Limited - 2 MW Solar Plant	SF. No. 890/A, 891/A and 891/B Monjanur Village, Aravakurichi Taluk, Karur District - 639206, Tamil Nadu.
3	NOEL Media & Advertising Private Limited - 1 MW Solar Plant	SF. No. 191/15, 191/17, 191/18, 191/29, 191/20, 191/22, 191/25, 191/26, 191/27, 191/28, 191/30 Thachanendal Village, Illayankudi Taluk, Sivagangai District - 630561, Tamil Nadu.
4	SWELECT Green Energy Solutions Private Limited- 10 MW Solar Plant	SF. No. 889, 890A, 887, 892, 891A & 891B, Monjanur Village, Aravakurichi Taluk, Karur District - 639206, Tamil Nadu.
5	SWELECT Green Energy Solutions Private Limited- 1 MW Solar Plant	SF. No.929/A (P) & 930(P) Monjanur Village, Aravakurichi Taluk, Karur District - 639206, Tamil Nadu.
6	SWELECT Green Energy Solutions Private Limited- 1 MW Solar Plant	SF. No.929/A(P) & 929/B1(P) Monjanur Village, Aravakurichi Taluk, Karur District - 639206, Tamil Nadu.
7	K J Solar Systems Private Limited - 2 MW Solar Plant	SF. No. 594/A, 598, 786 & 787 Komarapalayam Village, Dharapuram Taluk, Tiruppur District - 638106, Tamil Nadu.
8	SWELECT Power Systems Private Limited - 10 MW Solar Power Plant	Huralagere, Thuraganoor and Byaderahalli villages of Kunigal Taluk, Tumkur District - 572130, Karnataka.
9	SWELECT Sun Energy Private Limited - 6 MW Solar Power Plant	SF. Nos. 49/3, 76/3, 49/4, 49/7A, 49/7B, 77/5A, 77/3, 76/4, 76/5, 50/3A, 50/3B, 50/4, 50/5, 50/6, 54/2, 54/3, 75/4A, 77/4, 75/1, 77/5C of Manparai Village, Musiri Taluk, Trichy District - 621006.
10	SWELECT Sun Energy Private Limited - 10 MW Solar Power Plant	SF.Nos.44/2, 44/3, 44/7, 44/8, 45/1B, 45/1C, 45/5, 45/6A, 45/6B, 45/7, 45/8, 49/6, 44/6, 76/1A, 76/1B, 76/2, 48/11, 48/13A, 48/13B, 48/14, 48/15A, 49/1A, 49/1D, 49/5, 50/1A, 50/1C, 50/1D, 44/4B, 49/1B, 49/1C, 49/7C, 48/15B, 77/1, 77/2, 49/2, 48/9, 47/4, 44/1B, 49/3, 76/3, 49/4, 49/7A, 49/7B, 77/5A, 77/3 of Manparai Village, Musiri Taluk, Trichy District - 621006, Tamil Nadu
11	SWELECT Renewable Energy Private Limited - 11 MW Solar Power Plant	SF. Nos. 55/9B, 54/8, 54/9, 54/7, 55/6, 55/2, 55/3, 75/2, 55/1, 75/1, 51/11, 51/8, 8/15A, 50/1A, 51/10A, 51/7A, 53/5C, 53/5E, 53/6A, 53/6B, 54/2, 54/3, 54/6B, 75/4A, 75/4B, 54/5, 54/6A2, 55/5, 76/5, 54/6A1 of Manparai Village, Musiri Taluk, Trichy District - 621006, Tamil Nadu.

xxiii) Address for correspondence:

SWELECT ENERGY SYSTEMS LIMITED
Registered Office: 'SWELECT House',
No.5, Sir P.S. Sivasamy Salai,
Mylapore, Chennai - 600 004, Tamil Nadu.
Tel: 044 - 24993266, Fax: 044 - 24995179,

CORPORATE GOVERNANCE CERTIFICATE

To
The Members,
SWELECT Energy Systems Limited
“SWELECT House”, No.5,
Sir P.S. Sivasamy salai, Mylapore,
Chennai- 600004.

We have examined the compliance of conditions of Corporate Governance by SWELECT ENERGY SYSTEMS LIMITED, for the year ended on 31st March 2022, as stipulated in the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

The compliance of conditions of Corporate Governance is the responsibility of the Management. Our examination has been limited to a review of the procedures and implementation thereof adopted by the Company for ensuring compliance with the conditions of the Corporate Governance as stipulated in the said Regulations. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In our opinion and to the best of our information and according to the explanations given to us and based on the representations made by the Directors and the Management, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

We state that such compliance is neither an assurance as to future viability of the Company nor of the efficiency or effectiveness with which the management has conducted the affairs of the Company.

ANNEXURES TO THE BOARD'S REPORT

ANNEXURE - 1

Form No. MR-3

SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL PERIOD ENDED 31st MARCH, 2022

[Pursuant to section 204(1) of the Companies Act, 2013 and rule No.9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,
SWELECT ENERGY SYSTEMS LIMITED
"SWELECT House",
No.5, Sir P.S. Sivasamy Salai,
Mylapore, Chennai-600004.

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **SWELECT ENERGY SYSTEMS LIMITED** (hereinafter called the company). The Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the company's books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, We hereby report that in our opinion, the company has, during the audit period covering the financial year ended on March 31, 2022 complied with the statutory provisions listed thereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

We have examined the books, papers, minute books, forms and returns filed and other records maintained by Company for the financial year ended on 31/03/2022 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder.
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - (c) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015
 - (d) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;

The other laws as may be applicable specifically to the company:

- (a) Electricity Act, 2003
- (b) National Tariff Act Policy

We have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by The Institute of Company Secretaries of India

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

We further report that –

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Majority decision is carried through while the dissenting members' views are captured and recorded as part of the minutes.

we further report that there are adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

ANNEXURE-2

CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO

[Pursuant to section 134(3) (m) of the Companies Act, 2013 read with Rule 8(3) of the Companies (Accounts) Rules, 2014]

(A) Conservation of energy-

- (i) The steps taken or impact on conservation of energy:
 - a. Swelect continues to take steps towards optimization of energy consumption and achieving better energy efficiency across its locations in India as well as its manufacturing facilities in Coimbatore, Bangalore and Salem.
 - b. Steps have been taken to further process and resource optimization in all the manufacturing facilities to ensure highest operational efficiency and minimal wastage.
 - c. All the company owned solar projects and installations are monitored continuously to ensure maximum performance and energy generation and utilization.
 - d. Other steps towards energy efficiency include usage of energy efficient LED lights, load balancing of transformers and the UPS, judicious usage of air conditioning etc.,
- (ii) The steps taken by the company for utilizing alternate sources of energy;
 - a. The company continues to meet its energy requirements from Alternate renewable energy sources such as wind and solar especially for its manufacturing units.
 - b. Steps are taken to increase the bandwidth of the energy consumed from alternate resources by addition or conversion of the existing power demand to solar and wind.
 - c. AMEX (WOS) continues to be the first and one of the very few foundries in India to utilize > 85% of its power needs from Renewable sources.
- (iii) The capital investment on energy conservation equipment:
 - a. Investment into energy efficient HVAC system for the Corporate office.
 - b. Investment into systems that reverse the Potential Induced Degradation effect in solar panels.

(B) Technology absorption-

- (i) The efforts made towards technology absorption & the benefits derived, like product improvement, cost reduction, product development or import substitution:
 - a. With more emphasis on Energy Storage System (ESS), a 200Kw /217 kWh Lithium – ion Battery based ESS has been commissioned at our existing solar plant at Vellakoil for demonstration to our customers. The Primary function of the ESS is to store Energy during normal / Low tariff period and discharge it during high tariff period thereby gaining on the differential Tariff. In addition, benefits such as energy harvest during Solar Radiation, recapture of Energy during Grid Limitation and load stabilization help in Energy conservation. The total system will demonstrate SWELECT's Energy storage capability for Tenders and EPC Projects.
 - b. Also for the C&I Market a 5 kW/11.5 kWh Hybrid ESS has been commissioned. Basic function of this ESS is to charge the batteries from Solar as the 1st priority and discharge it during high tariff period or utilize it after Solar hours.
 - c. Investment into energy efficient HVAC system for the Corporate office.
 - d. Investment into systems that reverse the Potential Induced Degradation effect in solar panels.
- (ii) In case of imported technology (imported during the last three years reckoned from the beginning of the financial year): Nil.
- (iii) The expenditure incurred on Research and Development during the year is ₹ 135.20 lakhs and previous year it was ₹ 66.70 lakhs.

(C) Foreign exchange earnings and Outgo-

The foreign exchange earnings and outgo of the Company for the period under review were ₹ 49.12 Lakhs and ₹ 11,398.09 Lakhs respectively.

ANNEXURE-4

POLICY ON NOMINATION AND REMUNERATION COMMITTEE (NRC)

(Pursuant to Section 178 (4) of the Companies Act, 2013)

PREAMBLE

Pursuant to Section 178 of the Companies Act, 2013 the Board of Directors of every listed Company shall constitute the Nomination and Remuneration Committee. The Nomination and Remuneration Committee consisting of three or more non-executive Directors and out of which not less than one-half shall be independent Directors and the Chairperson of the Company (whether executive or non-executive) may be appointed as a Member of the Nomination and remuneration Committee but shall not chair such Committee.

The Nomination and Remuneration Committee and its Policy is formulated in compliance with Section 178 of the Companies Act, 2013 read along with the applicable rules thereto.

OBJECTIVE

The key objectives of the Committee would be:

- a) To identify persons who are qualified to become directors and guide the Board in relation to the appointment and removal of Directors, Key Managerial Personnel and Senior Management.
- b) To evaluate the performance of the members of the Board and provide necessary report to the Board for further evaluation.
- c) To recommend to the Board on Remuneration payable to the Directors, Key Managerial Personnel and Senior Management.

DEFINITIONS

“Board” means Board of Directors of the Company.

“Company” means “**SWELECT ENERGY SYSTEMS LTD**”.

“Independent Director” means a director referred to in Section 149 (6) of the Companies Act, 2013.

“**Key Managerial Personnel**” (KMP) means

- a) Chief Executive Officer or the Managing Director
- b) Company Secretary,
- c) Whole-time Director,
- d) Chief Financial Officer and
- e) Senior management person.

“**Nomination and Remuneration Committee**” shall mean a Committee of Board of Directors of the Company, constituted in accordance with the provisions of Section 178 of the Companies Act, 2013.

“Policy or This Policy” means, “Nomination and Remuneration Policy.” “Remuneration” means any money or its equivalent given or passed to any person for services rendered by him and includes perquisites as defined under the Income-tax Act, 1961.

“Senior Management” shall mean officers/personnel of the Company who are members of its core management team excluding board of directors and normally this shall comprise all members of management one level below the “Chief Executive Officer/ Managing Director/Whole Time Director/Manager (including Chief Executive Officer/Manager, in case they are not part of the board) and shall specifically include Company Secretary and Chief Financial Officer.

INTERPRETATION :

Terms that have not been defined in this Policy shall have the same meaning assigned to them in the Companies Act, 2013, Listing Agreement and/or any other SEBI Regulation(s) as amended from time to time.

GUIDING PRINCIPLES

The Policy ensures that

- a) The level and composition of remuneration is reasonable and sufficient to attract, retain and motivate Directors of the quality required to run the Company successfully.

- b) Relationship of remuneration to performance is clear and meets appropriate performance benchmarks and
- c) Remuneration to Directors, key Managerial Personnel and Senior Management involves a balance between fixed and incentive pay reflecting short and long term performance objectives appropriate to the working of the Company and its goals.

ROLE OF THE COMMITTEE

The role of the Committee inter alia will be the following:

- a) To formulate a criteria for determining qualifications, positive attributes and independence of a Director.
- b) Formulate criteria for evaluation of Independent Directors.
- c) Identify persons who are qualified to become Directors and who may be appointed in Senior Management in accordance with the criteria laid down in this policy.
- d) To carry out evaluation of every Director's performance.
- e) To recommend to the Board the appointment and removal of Directors and Senior Management.
- f) To recommend to the Board policy relating to remuneration for Directors, Key Managerial Personnel and Senior Management.
- g) Ensure that level and composition of remuneration is reasonable and sufficient, relationship of remuneration to performance is clear and meets appropriate performance benchmarks.
- h) To carry out any other function as is mandated by the Board from time to time and/or enforced by any statutory notification, amendment or modification, as may be applicable.
- i) To perform such other functions as may be necessary or appropriate for the performance of its duties.
- j) The performance evaluation of independent directors shall be done by the entire Board of Directors, excluding the director being evaluated.
- k) On the basis of the report of performance evaluation, it shall be determined whether to extend or continue the term of appointment of the independent director.
- l) Devising a policy on Board Policy

MEMBERSHIP

- a) The Committee shall comprise at least three (3) Directors, all of whom shall be non-executive Directors and at least half shall be independent.
- b) The Board shall reconstitute the Committee as and when required to comply with the provisions of the Companies Act, 2013 and applicable statutory requirement.
- c) Minimum two (2) members shall constitute a quorum for the Committee meeting.
- d) Membership of the Committee shall be disclosed in the Annual Report.
- e) Term of the Committee shall be continued unless terminated by the Board of Directors.

CHAIRMAN

- a) Chairman of the Committee shall be an Independent Director.
- b) Chairperson of the Company may be appointed as a member of the Committee but shall not Chair the Committee.
- c) In the absence of the Chairman, the members of the Committee present at the meeting shall choose one amongst them to act as Chairman.
- d) Chairman of the Nomination and Remuneration Committee could be present at the Annual General Meeting or may nominate some other member to answer the shareholders' queries.

FREQUENCY OF MEETINGS

The Committee shall meet at least once in a year and such regular intervals as may be required.

COMMITTEE MEMBERS' INTERESTS

- a) A member of the Committee is not entitled to be present when his or her own remuneration is discussed at a meeting or when his or her performance is being evaluated.
- b) The Committee may invite such executives, as it considers appropriate, to be present at the meetings of the Committee.

VOTING

- a) Matters arising for determination at Committee meetings shall be decided by a majority of votes of Members present and voting and any such decision shall for all purposes be deemed a decision of the Committee.
- b) In the case of equality of votes, the Chairperson of the meeting will have a casting vote.

APPOINTMENT AND REMOVAL OF DIRECTOR, KMP AND SENIOR MANAGEMENT

Appointment criteria and qualifications:

- a) The Committee shall identify and ascertain the integrity, qualification, expertise and experience of the person for appointment as Director, KMP or at Senior Management level and recommend to the Board his / her appointment.
- b) A person should possess adequate qualification, expertise and experience for the position he / she is considered for appointment. The Committee has discretion to decide whether qualification, expertise and experience possessed by a person are sufficient / satisfactory for the concerned position.
- c) The Company shall not appoint or continue the employment of any person as Managing Director/Whole-time Director/ Manager who has attained the age of seventy years. Provided that the term of the person holding this position may be extended beyond the age of seventy years with the approval of shareholders by passing a special resolution based on the explanatory statement annexed to the notice for such motion indicating the justification for extension of appointment beyond seventy years.

Term / Tenure:

Independent Director:

- An Independent Director shall hold office for a term up to five consecutive years on the Board of the Company and will be eligible for reappointment on passing of a special resolution by the Company and disclosure of such appointment in the Board's report.
- No Independent Director shall hold office for more than two consecutive terms, but such Independent Director shall be eligible for appointment after expiry of three years of ceasing to become an Independent Director. Provided that an Independent Director shall not, during the said period of three years, be appointed in or be associated with the Company in any other capacity, either directly or indirectly. However, if a person who has already served as an Independent Director for 5 years or more in the Company as on 1st October, 2014 or such other date as may be determined by the Committee as per regulatory requirement, he /she shall be eligible for appointment for one more term of 5 years only.
- At the time of appointment of Independent Director it should be ensured that number of Boards on which such Independent Director serves is restricted to seven listed companies as an Independent Director and three listed companies as an Independent Director in Cases such persons serving as a whole-time Director of a listed Company.

Evaluation:

The Committee shall carry out evaluation of performance of every Director, KMP and Senior Management at regular interval (yearly).

Removal:

Due to reasons for any disqualification mentioned in the Companies Act, 2013, rules made there under or under any other applicable Act, rules and regulations, the Committee may recommend, to the Board with reasons recorded in writing, removal of a Director, KMP or Senior Management subject to the provisions and compliance of the said Act, rules and regulations.

Retirement:

The Director, KMP and Senior Management shall retire as per the applicable provisions of the Companies Act, 2013 and the prevailing policy of the Company. The Board will have the discretion to retain the Director, KMP, Senior Management in the same position, remuneration or otherwise even after attaining the retirement age, for the benefit of the Company.

PROVISIONS RELATING TO REMUNERATION OF KMP AND SENIOR MANAGEMENT

General:

1. The remuneration / compensation / commission etc. to KMP and Senior Management Personnel will be determined by the Committee and recommended to the Board for approval. The remuneration / compensation / commission etc. shall be subject to the prior/post approval of the shareholders of the Company and Central Government, wherever required.
2. The remuneration and commission to be paid to Key Managerial Personnel shall be as per the statutory provisions of the Companies Act, 2013 and the rules made thereunder for the time being in force.
3. Increments to the existing remuneration/compensation structure may be recommended by the Committee to the Board.

Fixed pay:

KMP and Senior Management shall be eligible for a monthly remuneration as may be approved by the Board on the recommendation of the Committee in accordance with the statutory provisions of the Companies Act, 2013 and the rules made thereunder for the time being in force.

The break-up of the pay scale and quantum of perquisites including, employer's contribution to P.F, pension scheme, medical expenses, club fees etc. shall be decided and approved by the Board on the recommendation of the Committee and approved by the Shareholders of the Company and Central Government, wherever required.

Remuneration to Non-Executive / Independent Director:

1. Remuneration /Commission:

The remuneration / commission shall be in accordance with the statutory provisions of the Companies Act, 2013 and the rules made thereunder for the time being in force.

2. Sitting Fees:

The Non- Executive / Independent Director may receive remuneration by way of sitting fees for attending meetings of Board or Committee thereof. The sitting fess shall be decided by the Board from time to time after due deliberations. However the amount of such fees shall not exceed the maximum amount as provided in the Companies Act, 2013 or such amount as may be prescribed by the Central Government from time to time.

3. Commission:

Commission may be paid within the monetary limit approved by shareholders, subject to the limit not exceeding 1% of the net profits of the Company computed as per the applicable provisions of the Companies Act, 2013. The Board may however decide from time to time to pay any amount within the ceiling prescribed under the Act

MINUTES OF COMMITTEE MEETING

Proceedings of all meetings must be recorded and signed by the Chairman of the said meeting or the Chairman of the next succeeding meeting. Minutes of the Committee meeting will be tabled at the subsequent Board and Committee meeting.

AMENDMENT TO THE POLICY

The Board on its own and/or as per the recommendations of the respective Committee can amend this policy, as and when it deems fit.

In case of any amendment(s), clarification(s), circular(s), etc. issued by the relevant authorities not being consistent with the provisions laid down under this policy, then such amendments, clarifications, circulars etc., shall prevail upon the provisions hereunder and this policy shall stand amended accordingly from the effective date as laid down under such amendment(s), clarification(s), circular(s), etc.

DEVIATIONS FROM THIS POLICY

Deviations on elements of this policy in extraordinary circumstances, when deemed necessary in the interests of the Company, will be made if there are specific reasons to do so in an individual case.

ANNEXURE-6
SECRETARIAL AUDIT REPORT OF MATERIAL SUBSIDIARY
Form No. MR-3
SECRETARIAL AUDIT REPORT
FOR THE FINANCIAL YEAR ENDED 31ST MARCH 2022

[Pursuant to section 204(1) of the Companies Act, 2013 and rule No.9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 and Pursuant to Regulation 24A of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) (Amendment) Regulations, 2018]

To,
The Members,
AMEX ALLOYS PRIVATE LIMITED
[CIN: U27310TZ2003PTC010905]
Registered Office: SF No.289/2, Kunnathur Pudur (Po),
Sathy Road, Coimbatore – 641 107, Tamilnadu, India.

I have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Amex Alloys Private Limited (hereinafter called the Company). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of Secretarial Audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended 31st March 2022 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

Secretarial Audit was conducted as required under Regulation 24A Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the period ended 31st March 2022 according to the provisions of:

(i) The Companies Act, 2013 (the Act) and the rules made thereunder;

I further report that, there were no events/ actions in pursuance of the following requiring compliance by the company during the audit period:

- a. The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- b. The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- c. Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- d. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011; The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
- e. The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018;
- f. The Securities and Exchange Board of India (Share based Employee benefits) Regulations 2014;
- g. The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008 ;
- h. The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993, regarding the Companies Act and dealing with client ;
- i. The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009 ;
- j. The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998 ;
- k. Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016.

I have relied on the representation made by the Company and its officers, relating to systems and mechanisms framed by the Company, for ensuring compliance with the Laws as applicable to the Company.

I have also examined compliance with the applicable clauses of the Secretarial Standards issued by The Institute of Company Secretaries of India.

During the period under review the Company has complied with the provisions of the Act, Rules, Guidelines, Standards etc mentioned above.

I further report that

The Board of Directors of the Company is duly constituted with one independent director of the listed holding company into the Board of Directors.

Adequate notice is given to all Directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

I am informed that there were no dissenting members, on any of the matters, discussed at the Board Meetings during the financial year under review, whose views were required to be captured and recorded as part of the minutes.

I further report that based on the information provided by the Company, its officers and authorized representatives during the conduct of the audit, I am of the opinion that there are adequate systems and processes in place in the Company which is commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

I further report that during the period covered under the Audit, the Company has not made any specific events / actions having a major bearing on the company's affairs in pursuance of laws, rules, regulations and guidelines referred to above.

Note:

Secretarial Audit is applicable as the Company is a Material Unlisted Subsidiary of SWELECT ENERGY SYSTEMS LIMITED (a Company listed on BSE Limited & National Stock Exchange of India Limited) and a Secretarial Audit was conducted as required under Regulation 24A of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) (Amendment) Regulations, 2018.

Please refer Annexure to Secretarial Audit Report of even date issued which forms part of this Audit Report.

**ANNEXURE TO SECRETARIAL AUDIT REPORT OF
EVEN DATE ISSUED BY COMPANY SECRETARY IN PRACTICE**

To,
The Members,
AMEX ALLOYS PRIVATE LIMITED
[CIN: U27310TZ2003PTC010905]
Registered Office: SF No.289/2, Kunnathur Pudur (Po),
Sathy Road, Coimbatore – 641 107, Tamilnadu, India.

My Secretarial Audit Report of even date is to be read along with this letter.

1. Maintenance of Secretarial Records, devising proper system to ensure compliance with the provisions of all applicable laws and regulations and ensuring that systems are adequate and operate effectively, are the responsibilities of the Management of the Company. My responsibility is to express an opinion on these Secretarial Records based on Audit.
2. I have followed the audit practices and processes as were appropriate to obtain reasonable assurance about the correctness and contents of the Secretarial Records. The verification was done on test basis to ensure that correct facts are reflected in Secretarial Records. I believe that the processes and practices, I followed provide a reasonable basis for my opinion.
3. I have not verified the correctness and appropriateness of financial records and Books of Accounts of the Company.
4. Wherever required, I have obtained the Management's representation about the compliance of laws, rules and regulations and happening of events etc.
5. The compliance of the provisions and other applicable laws, rules, regulations, standards is the responsibility of Management. My examination was limited to the verification of procedures on a test basis.
6. The Secretarial Audit report is neither an assurance as to the future viability of the Company nor of the efficacy or effectiveness with which the management has conducted the affairs of the Company.

INDEPENDENT AUDITOR'S REPORT

To the Members of SWELECT ENERGY SYSTEMS LIMITED

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of **SWELECT ENERGY SYSTEMS LIMITED** ("the Company"), which comprise the Balance Sheet as at 31 March 2022, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2022, and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Emphasis of Matter

We draw attention to Note 41 of the standalone financial statements, which describes the management's assessment of impairment of investment in two operating subsidiaries and its assessment of the carrying value of investment and loans given to those two operating subsidiaries, on account of accumulated losses in those subsidiaries. This assessment also considers the uncertainties arising from COVID 19 pandemic. Such estimates are based on current facts and circumstances and may not necessarily reflect the future uncertainties and events arising from the full impact of the COVID 19 pandemic.

Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor's Response
1	<p>Evaluation of impairment of investments and loans given to two operating subsidiaries of the Company which has accumulated losses.</p> <p>Investments (net) aggregating ₹ 7,186.18 lakhs [Refer Note 6 to the standalone financial statements] in the two operating subsidiaries and Loans given aggregating</p>	<p>Principal audit procedures performed:</p> <p>Our procedures relating to the impairment of investments and loans included the following, among others:</p> <p>a. We tested the effectiveness of internal controls over the Company's forecasting process and investment impairment review including controls relating to the</p>

<p>₹ 4,912.37 lakhs [Refer Note 7C to the standalone financial statements] to one of the subsidiaries of the Company, which has accumulated losses, is considered good and recoverable based on Management's judgment.</p> <p>The Management's judgment includes the valuation methodology, estimating the forecasted revenues and cash flows, which includes the likely impact on account of the COVID-19 pandemic on the discount rate and growth rate used in the projection period. Any adverse changes to these two assumptions could result into reduction in the fair value determined, resulting in a potential impairment to be recognized.</p>	<p>valuation methodology used, the completeness and accuracy of the input data considered, including the reasonableness of key assumptions considered in determining the future projections and the impairment calculations.</p> <p>b. We obtained the investment valuation (prepared by the external valuation specialist or as prepared by the management, as applicable) and we performed the following procedures:</p> <p>i. We evaluated appropriateness of the valuation methodology used and the reasonableness of the key assumptions considered by the management, such as discount rate and growth rate, in consultation with internal fair valuation specialist, duly considering the impact of the COVID-19 pandemic and also considering the historical accuracy of the Company's estimates in the prior periods.</p> <p>ii. Compared the actual revenues and cash flows generated by these subsidiaries during the year as to the projections and estimates considered in the previous year.</p> <p>We also assessed the sensitivity of the valuation to key changes in assumptions and tested the mathematical accuracy of the impairment model.</p>
--	---

Information Other than the Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's report including the Annexures to the Board Report, Management Discussion and Analysis and Corporate Governance report, but does not include the consolidated financial statements, standalone financial statements and our auditor's report thereon. The Board's Report, The Corporate Governance Report and Management Discussion and Analysis are expected to be made available to us after the date of the auditor's report.
- Our opinion on the standalone financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.
- In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were

necessary for the purposes of our audit.

- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flow and Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of accounts.
- d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.
- e) On the basis of the written representations received from the directors as on 31 March, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March, 2022 from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - iv. (a) The Management has represented that, to the best of its knowledge and belief, as disclosed in the notes to accounts, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities;
 - (b) The Management has represented, that, to the best of its knowledge and belief, as disclosed in the notes to accounts, no funds (which are material either individually or in the aggregate) have been received by the Company from any person(s) or entity(ies), including foreign entities;
 - (c) Based on the audit procedures that has been considered reasonable and appropriate in the circumstances, nothing has come to my/our notice that has caused me/us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material mis-statement;
 - v. The dividend declared and paid by the Company during the year and until the date of this report is in accordance with section 123 of the Companies Act 2013.
2. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 1(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **SWELECT ENERGY SYSTEMS LIMITED** (“the Company”) as of 31 March 2022 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2022, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

- (i) In respect of Company's Property, Plant and Equipment and Intangible Assets:
- (a) (i) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.
 - (ii) The Company has maintained proper records showing full particulars of intangible assets.
 - (b) The property, plant and equipment were physically verified during the year by the Management in accordance with a regular programme of verification, which in our opinion, provides for physical verification of all the property, plant and equipment at reasonable intervals. No material discrepancies were noticed on such verification.
 - (c) According to the information and explanations given to us and the records examined by us and based on the examination of the registered sale deed/conveyance deed provided to us, we report that, the title deeds, comprising all the immovable properties of land and buildings which are freehold, are held in the name of the Company as at the balance sheet date. In respect of immovable property of land and building that have been taken on lease and disclosed as Property, Plant and Equipment in the Standalone financial statements, the lease agreements are in the name of the Company, where the Company is the lessee in the agreement.
 - (d) The Company has not revalued any of its property, plant and equipment (including Right of Use assets) and intangible assets during the year.
 - (e) No proceedings have been initiated during the year or are pending against the Company as at 31 March 2022 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- (ii) (a) The Company has physically verified the inventory during the year in accordance with a regular programme of verification, which, in our opinion provides for physical verification of all the inventory at reasonable intervals. According to the information and explanations given to us, the coverage and procedure of such verification by the management is appropriate and no material discrepancies of 10% or more in the aggregate for each class of inventory were noticed on such verification.
- (b) According to the information and explanations given to us, the Company has been sanctioned working capital limits in excess of Rs. 5 crores, in aggregate, at points of time during the year, from banks or financial institutions on the basis of security of current assets. In our opinion and according to the information and explanations given to us, the quarterly returns or statements comprising (stock statements, statements on ageing analysis of the debtors/other receivables, and other stipulated financial information) filed by the Company with such banks or financial institutions are in agreement with the unaudited books of account of the Company of the respective quarters..
- (iii) a) The Company has provided loans or advances in the nature of loans, stood guarantee or provided security during the year and details of which are given below:

Amount in ₹(Lakhs)

	Loans	Advances in nature of loans	Guarantees	Security
A. Aggregate amount granted / provided during the year:				
- Subsidiaries	9,200	Nil	6,701	454.13
B. Balance outstanding as at balance sheet date in respect of above cases:				
- Subsidiaries	10,426.55	Nil	6,701	3,857.32

- b) The investments made, guarantees provided, security given and the terms and conditions of the grant of all the above-mentioned loans and advances in the nature of loans and guarantees provided, during the year are, in our opinion, prima facie, not prejudicial to the Company's interest.

- c) In respect of loans granted or advances in the nature of loans provided by the Company, the schedule of repayment of principal and payment of interest has been stipulated and the repayments of principal amounts and receipts of interest are regular as per stipulation.
- d) According to information and explanations given to us and based on the audit procedures performed, in respect of loans granted and advances in the nature of loans provided by the Company, there is no overdue amount remaining outstanding as at the balance sheet date.
- e) None of the loans or advances in the nature of loans granted by the Company have fallen due during the year.
- f) According to information and explanations given to us and based on the audit procedures performed, the Company has not granted any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment during the year. Hence, reporting under clause (iii)(f) is not applicable.
- (iv) In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Sections 185 and 186 of the Companies Act, 2013 in respect of grant of loans, making investments and providing guarantees and securities, as applicable
- (v) The Company has not accepted any deposit or amounts which are deemed to be deposits. Hence, reporting under clause (v) of the Order is not applicable.
- (vi) The maintenance of cost records has been specified by the Central Government under section 148(1) of the Companies Act, 2013 [mention activities covered (if only certain activities are covered)]. We have broadly reviewed the books of account maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Companies Act, 2013, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained by the Company. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- (vii) According to the information and explanations given to us in respect of statutory dues:
- (a) Undisputed statutory dues, including Goods and Service tax, Provident Fund, Employees' State Insurance, Income-tax, Goods and Services Tax, cess and other material statutory dues applicable to the Company have generally been regularly deposited by it with the appropriate authorities.
- There were no undisputed amounts payable in respect of Goods and Service tax, Provident Fund, Employees' State Insurance, Income-tax, Goods and Services Tax, cess and other material statutory dues in arrears as at 31 March 2022 for a period of more than six months from the date they became payable.
- (b) Details of dues of Income-tax, Sales tax, Value Added Tax and Central Excise Act which have not been deposited as on 31 March 2022 on account of disputes are given below:

Name of the statute	Nature of dues	Amount (in ₹ lakhs)	Period to which the amount relates	Forum where dispute is pending
Kerala Sales Tax Act, 1963	Penalty	6.67	2000-2001	Deputy Commissioner,
Commercial Taxes Delhi Vat Act, 2004	Disputed turnover	5.04	2006-2007	Commissioner, Appeals
The Central Tax (Assam), Rules 1957	Non submission of F-Forms & C-Forms to the Department	13.77	2011-2012 & 2012-2013	Asst. Commissioner, Appeals
Central Excise Act	Levy of CVD and SAD on imports	606.26	2009-2015	2009 - 2012 –The Excise Appellate Tribunal 2012-2013 –Commissioner of Central Excise 2013-2015 – The Excise Appellate Tribunal
Income Taxes	Disallowances of items	2,671.64	2009-2010 2012-2013 2013-2014 2015-2016 2016-2017	Commissioner of Income Tax (CIT) Appeals

- (viii) There were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 (43 of 1961) during the year.
- (ix) (a) In our opinion, the Company has not defaulted in the repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.
 - (b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.
 - (c) To the best of our knowledge and belief, in our opinion, term loans availed by the Company were, applied by the Company during the year for the purposes for which the loans were obtained.
 - (d) On an overall examination of the financial statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long-term purposes by the Company.
 - (e) On an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures
 - (f) The company has not raised loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies and hence reporting on clause (ix)(f) of the Order is not applicable.
- (x) (a) The Company has not issued any of its securities (including debt instruments) during the year and hence reporting under clause (x)(a) of the Order is not applicable.
 - (b) During the year the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause (x)(b) of the Order is not applicable to the Company.
- (xi) (a) To the best of our knowledge, no fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
 - (b) To the best of our knowledge, no report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.
 - (c) As represented to us by the Management, there were no whistle blower complaints received by the Company during the year.
- (xii) The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.
- (xiii) In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements etc. as required by the applicable accounting standards.
- (xiv)(a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
 - (b) We have considered, the internal audit reports issued to the Company during the year and covering the period upto March 2022 and the final of the internal audit report where issued after the balance sheet date covering the period (1 January 2022 to 31 March 2022) for the period under audit.
- (xv) In our opinion during the year the Company has not entered into any non-cash transactions with any of its directors or directors of it's holding company, subsidiary company, or persons connected with such directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- (xvi) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause (xvi)(a), (b) and (c) of the Order is not applicable.

The Group does not have any CIC as part of the group and accordingly reporting under clause (xvi)(d) of the Order is not applicable.

- (xvii) The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors of the Company during the year.
- (xix) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, (Asset Liability Maturity (ALM) pattern) other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- (xx)(a) The Company has fully spent the required amount towards Corporate Social Responsibility (CSR) and there are no unspent CSR amount for the year requiring a transfer to a Fund specified in Schedule VII to the Companies Act or special account in compliance with the provision of sub-section (6) of section 135 of the said Act. Accordingly, reporting under clause (xx) of the Order is not applicable for the year.
- (b) There are no ongoing projects and hence reporting under clause (xx)(b) of the Order is not applicable to the Company.

SWELECT ENERGY SYSTEMS LIMITED

Notes to Standalone financial statements for the year ended 31 March 2022

1. Corporate information

SWELECT ENERGY SYSTEMS LIMITED (hereinafter referred to as 'the Company') was incorporated as a Public Limited Company on 12 September 1994. The Company is engaged in the business of manufacturing and trading of Solar power projects, off-grid solar photovoltaic modules, based on crystalline silicon technology (c-Si), solar and wind power generation, contract manufacturing services, installation and maintenance services, sale of Solar Photovoltaic inverters and energy efficient lighting systems. The Company is domiciled in India and its shares are listed on BSE and NSE. The registered office of the Company is located at Chennai.

2 Basis of preparation

(a) Statement of compliance

These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 notified under Section 133 of Companies Act, 2013, (the 'Act') and other relevant provisions of the Act.

(b) Functional and presentation currency

These financial statements are presented in Indian Rupees (₹), which is the Company's functional currency. All the financial information have been presented in Indian Rupees Lakhs except for share data and as otherwise stated.

(c) Basis of measurement

These financial statements have been prepared on the historical cost basis except for certain financial instruments which are measured at fair values at the end of each reporting period, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

(d) Use of estimates and judgements

In preparing these financial statements, the Management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

Judgements

Note 5 - Revenue from Service Concession Arrangements

Assumptions and estimation uncertainties

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment in the year ending 31 March 2022 is included in the following notes:

Note 3 - Useful life of Property, Plant and Equipment

Note 22 - Revenue from Service Concession Arrangements

Note 38 - Fair valuation of Financial Assets/Liabilities

Notes 7 & 10 - Impairment of financial assets and other assets

Note 9 - Allowance for Non- moving, Slow moving inventories

Note 19 - Provision for Warranty and the underlying projections / assumptions / judgements etc.

Note 31 – Measurement of Defined Benefit Obligations: Key actuarial assumptions

(e) Measurement of fair values

A number of Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities. The Company has an established control framework with respect to the measurement of fair values whereby the valuation is obtained from an external independent valuer, where feasible, which is then reviewed by the Chief Financial Officer for the underlying assumptions used in the valuation.

SWELECT ENERGY SYSTEMS LIMITED

Notes to Standalone financial statements for the year ended 31 March 2022

The Chief Financial Officer regularly reviews the significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used by the valuer to measure fair values, then the Chief Financial Officer assesses the evidence obtained from the third parties to support the conclusion that these valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which the valuations should be classified.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs)

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

Further information about the assumptions made in measuring fair values is included in the following notes:

Note 4 – Investment Property and

Note 38 – Financial Instruments

2(A) Summary of significant accounting policies

(a) Current versus non-current classification

The Company presents assets and liabilities in the Balance Sheet based on current/ non-current classification which is determined based on the operating cycle.

An asset is treated as current when it is:

- ♦ Expected to be realised or intended to sold or consumed in the normal operating cycle
- ♦ Held primarily for the purpose of trading
- ♦ Expected to be realised within twelve months after the reporting period, or
- ♦ Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

The Company classifies all other assets as non-current.

A liability is treated as current when:

- ♦ It is expected to be settled in normal operating cycle
- ♦ It is held primarily for the purpose of trading
- ♦ It is due to be settled within twelve months after the reporting period, or
- ♦ There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

SWELECT ENERGY SYSTEMS LIMITED

Notes to Standalone financial statements for the year ended 31 March 2022

(b) Revenue Recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes and duties collected on behalf of the Government. The Company has concluded that it is the principal in all of its revenue arrangements since it is the primary obligor in all the revenue arrangements as it has pricing latitude and is also exposed to inventory and credit risks.

The following specific recognition criteria must also be met before revenue is recognised:

Sale of goods

Revenue from sale of goods, its accessories and other traded/manufactured goods are recognised when control of ownership is passed to the buyer, which generally coincides with dispatch of goods. Revenues under composite contracts comprising supply, installation and commissioning are recognised on commissioning of the contract.

Sales Tax/Value Added Tax (VAT), Goods and Service Tax is not received by the Company on its own account. Rather, it is tax collected on value added to the commodity by the seller on behalf of the Government. Accordingly, it is excluded from revenue.

Sale of power

Revenue from sale of power from renewable energy sources is recognised in accordance with the price agreed under the provisions of the Power Purchase Agreement entered into with Tamilnadu Generation and Distribution Corporation Limited (TANGEDCO) and other customers. Such revenue is recognised on the basis of actual units generated and transmitted.

Revenue from power distribution business is accounted on the basis of billings to the customers and includes unbilled revenues accrued up to the end of accounting year. Customers are billed as per the tariff rates issued by Electricity Regulatory Commission.

Renewable Energy Certificate (REC) Income:

Income arising from REC is initially recognised in respect of the number of units of power exported at the minimum expected realisable value, determined based on the rates specified under the relevant regulations duly considering the entitlements as per the policy, industry specific developments, Management assessment etc. and when there is no uncertainty in realising the same. The difference between the amount recognised initially and the amount realised on sale of such RECs at the Power Exchange are accounted for as and when such sale happens.

Income from service

Revenue from maintenance contracts is recognised in the Statement of Profit and Loss on a periodic basis over the period of the contract according to the terms and conditions of the agreements. Income from installation contracts is recognised when the certificate of installation is received from the customer.

Interest income

Revenue is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable. Interest income is included in 'Other Income' in the Statement of Profit and Loss. For all debt instruments measured either at amortised cost or at fair value through other comprehensive income, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortised cost of a financial liability. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

Dividend

Revenue is recognised when the Company's right as a shareholder/unit holder to receive payment is established by the reporting date.

Rental Income

Rental income arising from operating leases is accounted for on a straight-line basis over the lease terms and is included in Revenue from Operations in the Statement of Profit or Loss due to its operating nature.

SWELECT ENERGY SYSTEMS LIMITED

Notes to Standalone financial statements for the year ended 31 March 2022

(c) Service Concession Agreement

The Company constructs Infrastructure used to provide a public service, operates and maintains that Infrastructure (operation services) for a specified period of time.

These arrangements may include Infrastructure used in a Public-to-Private service concession arrangement for its entire useful life.

Under Appendix C to Ind AS 115 - Service Concession Arrangements, these arrangements are accounted for based on the nature of the consideration. The Intangible asset model is used to the extent that the Company receives a right (i.e. a franchisee) to charge users of the public service. The financial asset model is used when the Company has an unconditional contractual right to receive cash or another financial asset from or at the direction of the grantor for the construction services. When the unconditional right to receive cash covers only part of the service, the two models are combined to account separately for each component. If the Company performs more than one service (i.e., construction or upgrade services and operation services) under a single contract or arrangement, consideration received or receivable is allocated with reference to the relative fair values of the services delivered, when the amounts are separately identifiable.

The Company manages concession arrangements which include constructing Solar power distribution assets for distribution of electricity. The Company maintains and services the Infrastructure during the concession period. These concession arrangements set out rights and obligations related to the Infrastructure and the services to be provided.

The right to consideration gives rise to an Intangible asset and financial receivable and accordingly, both the Intangible asset and financial receivable models are applied. Income from the concession arrangements earned under the Intangible asset model consists of the value of contract revenue, which is deemed to be fair value of consideration transferred to acquire the asset; and payments actually received from the users. The Intangible asset is amortised over its expected useful life in a way that reflects the pattern in which the asset's economic benefits are consumed by the Company, starting from the date when the right to operate starts to be used. Based on these principles, the Intangible asset is amortised in line with the actual usage of the specific public facility or the agreement period, whichever is less.

Financial receivable is recorded at fair value of guaranteed residual value to be received at the end of the concession period. This receivable is subsequently measured at amortised cost.

Any asset carried under concession arrangements is derecognised on disposal or when no future economic benefits are expected from its future use or disposal or when the contractual rights to the financial asset expires

(d) Inventories

Inventories are valued as follows:

Raw materials, stores and spares	Lower of cost and net realisable value. However, materials and other items held for use in the production of inventories are not written down below cost, if the finished products in which they will be incorporated are expected to be sold at or above cost. Cost is determined on a weighted average basis.
Work-in-progress, Finished goods	Lower of cost and net realisable value. Cost includes direct materials and labour and a proportion of manufacturing overheads based on normal operating capacity.
Traded goods	Lower of cost and net realisable value. Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on a first in first out basis.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and costs to make the sale.

(e) Taxes

Current income tax

Income tax expense comprises current and deferred taxes. Income tax expense is recognised in the Statement of Profit and Loss except to the extent it relates to items recognised directly in Equity, in which case it is recognised in Equity.

SWELECT ENERGY SYSTEMS LIMITED

Notes to Standalone financial statements for the year ended 31 March 2022

Current Tax is the amount of tax payable on the taxable income for the year and is determined in accordance with the provisions of the Income Tax Act, 1961. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in Other Comprehensive Income or in Equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in Equity.

With the introduction of the new Income tax provisions, the Company has the option to adopt lower rate of tax under Section 115BAA.

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised. The carrying amount of deferred tax assets is reviewed at each reporting date and written off to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside the Statement of Profit and Loss is recognised outside Statement of Profit and Loss (either in Other Comprehensive Income or in Equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in Equity.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

In the situations where the Company is entitled to a tax holiday under the Income-tax Act, 1961 enacted in India or tax laws prevailing in the respective tax jurisdictions where it operates, no deferred tax (asset or liability) is recognised in respect of timing differences which reverse during the tax holiday period, to the extent the Company's gross total income is subject to the deduction during the tax holiday period. Deferred tax in respect of timing differences which reverse after the tax holiday period is recognised in the year in which the timing differences originate.

(f) Employee Benefits

Defined Contribution Plan

Provident Fund

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognises contribution payable to the provident fund scheme as an expenditure, when an employee renders the related service. If the contribution payable to the scheme for service received before the Balance Sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognised as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the Balance Sheet date, then excess is recognised as an asset to the extent of the pre-payment.

Employee State Insurance

Contributions to Employees State Insurance Scheme are recognised as expense in the year in which the services are rendered.

Defined Benefit Plan

Gratuity

The Company makes annual contribution to a Gratuity Fund administered by trustees and managed by LIC. The Company accounts its liability for future gratuity benefits based on actuarial valuation, as at the Balance Sheet date, determined every year using the Projected Unit Credit method. Actuarial gains/losses are immediately recognised in Retained Earnings through Other Comprehensive Income in the period in which they occur. Re-measurements are not re-classified to profit or loss in subsequent periods. The defined benefit obligation recognised in the Balance Sheet represents the present value of the Defined Benefit Obligation less the Fair Value of Plan Assets out of which the obligations are expected to be settled.

SWELECT ENERGY SYSTEMS LIMITED

Notes to Standalone financial statements for the year ended 31 March 2022

Long Term Compensated Absences

The Company treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year-end. Actuarial gains/losses are immediately taken to the Statement of Profit and Loss and are not deferred. The Company presents the leave as a current liability in the Balance Sheet, to the extent it does not have an unconditional right to defer its settlement for 12 months after the reporting date.

Short Term Employee Benefits

Short Term Employee Benefits includes short term compensated absences which is recognised based on the eligible leave at credit on the Balance Sheet date and the estimated cost is based on the terms of the employment contract.

(g) Foreign Currency Transactions and Translations

Foreign Currency Transactions and Translations

The Company's financial statements are presented in ₹, which is also the Company's functional currency.

Initial Recognition

Transactions in foreign currencies entered into by the Company are accounted at the exchange rates prevailing on the date of the transaction or at the average rates that closely approximate the rate at the date of the transaction.

Conversion

Foreign currency monetary items are retranslated using the exchange rate prevailing at the reporting date. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction.

Treatment of Exchange Differences

Exchange differences arising on the settlement of monetary items or on reporting Company's monetary items at rates different from those at which they were initially recorded during the year or reported in previous financial statements are recognised as income or as expense in the year in which they arise.

Forward exchange contracts entered into to hedge foreign currency risk of an existing Asset/Liability

In the event of the Company entering into hedging transactions, the premium or discount arising at the inception of forward exchange contracts is amortised as expense or income over the life of the contract. Exchange differences on such contracts are recognised in the Statement of Profit and Loss in the year in which the exchange rates change. Any profit or loss arising on cancellation or renewal of forward exchange contract is recognised as income or as expense for the year.

(h) Earnings per share

Basic earnings per share is computed by dividing the profit / loss after tax (including the post tax effect of extraordinary items, if any) by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / loss after tax (including the post tax effect of extraordinary items, if any) as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for share splits / reverse share splits and bonus shares, as appropriate.

SWELECT ENERGY SYSTEMS LIMITED

Notes to Standalone financial statements for the year ended 31 March 2022

(i) Property, Plant and Equipment and Intangible assets

Property, Plant and Equipment and Other Intangible assets are stated at original cost net of tax/duty credit availed, less accumulated depreciation/amortisation and impairment losses, if any. The cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

Other Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, Other Intangible assets are carried at cost less accumulated amortisation and accumulated impairment losses, if any.

Subsequent expenditure related to an item of Property, Plant and Equipment is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing Property, Plant and Equipment, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to Statement of Profit and Loss for the year during which such expenses are incurred.

When the use of a property changes from owner-occupied to investment property, the property is reclassified as investment property at its carrying amount on the date of classification. Gains and losses arising from derecognition of Property, Plant and Equipment and Other Intangible assets are measured as the difference between the net disposal proceeds and the carrying amount of the Property, Plant & Equipment is recognised in the Statement of the Profit and Loss, when the Property, Plant and Equipment is derecognised.

The Company identifies and determines cost of each component/part of the Property, Plant and Equipment separately, if the component/part has a cost which is significant to the total cost of the Property, Plant and Equipment and has useful life that is materially different from that of the remaining Property, Plant and Equipment.

Capital Work-in-Progress: Projects under which Property, Plant and Equipment are not ready for their intended use and capital work-in-progress are carried at cost, comprising direct cost and attributable interest. Once it has become available for use, their cost is re-classified to appropriate caption and subjected to depreciation.

(j) Depreciation and amortisation

Depreciation is provided using the straight line method as per the useful lives of the Property, Plant and Equipment estimated by the Management as follows:

Buildings	30 years
Plant and Machinery (other than Windmills & Solar Plant)	15 years
- Windmills (included under Plant and Machinery)	22 years
- Solar Plant	25 years
Office Equipment	5 years
- Electrical Equipment	10 years
Computers	3 years
Furniture and Fittings	10 years
Vehicles (Motor cars/Motor Vehicles)	8 years / 10 years

(k) Useful lives/depreciation rates

Considering the applicability of Schedule II, the Management has estimated the useful lives and residual values of all its fixed assets. The Management believes that the depreciation rates currently used fairly reflect its estimate of the useful life and residual values of Property, Plant and Equipment, though these rates in certain cases are different from the lives prescribed under Schedule II.

The Management has estimated, supported by independent assessment by professionals, where applicable, the useful lives of the above classes of Property, Plant and Equipment.

The useful life of certain Solar Plant and Machinery and Intangible assets recognised under Service Concession Agreement is 25 years, respectively. These lives are higher than those indicated in Schedule II.

Other Intangible assets are amortised using the straight-line method over a period of three years or five years as applicable.

SWELECT ENERGY SYSTEMS LIMITED

Notes to Standalone financial statements for the year ended 31 March 2022

(l) Impairment of Property, Plant and Equipment and Other Intangible assets

The carrying amounts of Property, Plant and Equipment is reviewed at each Balance Sheet date if there is any indication of impairment based on internal / external factors. An impairment loss is recognised wherever the carrying amount of an Property, Plant and Equipment exceeds its recoverable amount. The recoverable amount is the greater of the Property, Plant and Equipment's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the Property, Plant and Equipment. After impairment, depreciation is provided on the revised carrying amount of the Property, Plant and Equipment over its remaining useful life.

(m) Investment Property

Investment Property represents Property (Land or a Building or part of a Building—or both) held (by the owner or by the lessee under a finance lease) to earn rentals or for capital appreciation or both.

Investment Property is measured initially at cost, including transaction costs. Subsequent to initial recognition, Investment Property is stated at cost less accumulated depreciation and accumulated impairment loss, if any.

The cost includes the cost of replacing parts if the recognition criteria are met. When significant parts of the Investment Property is required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. All other repair and maintenance costs are recognised in Statement of Profit and Loss as incurred.

Depreciation on Building classified as Investment Property has been provided on the straight-line method based on the useful life as prescribed in Schedule II to the Companies Act, 2013. These are based on the Company's estimate of their useful lives taking into consideration technical factors.

Though the Company measures Investment Property using cost basis measurement, the fair value of Investment Property is disclosed in Note 4. Fair values are determined on an annual evaluation applying a valuation model.

Investment Property is derecognised when either they have been disposed off or when the Investment Property is permanently withdrawn from use and no future economic benefit from its disposal. When the use of a property changes from investment property to owner-occupied, the property is reclassified as property, plant and equipment at its carrying amount on the date of classification.

The difference between the net disposal proceeds and the carrying amount of the Investment Property is recognised in the Statement of Profit and Loss in the period of derecognition.

(n) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

(o) Leases

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

For arrangements entered into prior to April 1, 2015, the Company has determined whether the arrangement contain lease on the basis of facts and circumstances existing on the date of transition.

Leases where, the lessor effectively retains substantially all the risks and benefits of ownership of the leased term, are classified as operating leases. Operating lease payments are recognised as an expense in the Statement of Profit and Loss on a straight-line basis over the lease term.

Leases in which the Company does not transfer substantially all the risks and benefits of ownership of the asset are classified as operating leases. Assets subject to operating leases are included in Property, Plant and Equipment. Lease income on an operating lease is recognised in the Statement of Profit and Loss on a straight-line basis over the lease term. Costs, including depreciation, are recognised as an expense in the Statement of Profit and Loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognised immediately in the Statement of Profit and Loss.

SWELECT ENERGY SYSTEMS LIMITED

Notes to Standalone financial statements for the year ended 31 March 2022

(p) Provisions and Contingencies

A provision is recognised when an enterprise has a present obligation as a result of past event; it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non- occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

(q) Provision for Warranties

The estimated liability for product warranties is recorded when products are sold. These estimates are established using historical information on the nature, frequency and average cost of warranty claims and Management estimates regarding possible future incidence based on corrective actions on product failures. The timing of outflows will vary as and when warranty claims will arise, being typically up to twenty five years.

The estimates used for accounting of warranty liability/recoveries are reviewed periodically and revisions are made as required.

(r) Financial instruments

Financial Assets:

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Financial assets are classified, at initial recognition, as financial assets measured at fair value or as financial assets measured at amortised cost.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in two broad categories:

- Financial assets at fair value
- Financial assets at amortised cost

Where assets are measured at fair value, gains and losses are either recognised entirely in the Statement of Profit and Loss (i.e. fair value through profit or loss), or recognised in Other Comprehensive Income (i.e. fair value through Other Comprehensive Income).

A financial asset that meets the following two conditions is measured at amortised cost (net of any write down for impairment) unless the asset is designated at fair value through profit or loss under the fair value option.

- **Business model test:** The objective of the Company's business model is to hold the financial asset to collect the contractual cash flows (rather than to sell the instrument prior to its contractual maturity to realise its fair value changes).

- **Cash flow characteristics test:** The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A financial asset that meets the following two conditions is measured at fair value through other comprehensive income unless the asset is designated at fair value through profit or loss under the fair value option.

- **Business model test:** The financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets.
- **Cash flow characteristics test:** The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

SWELECT ENERGY SYSTEMS LIMITED

Notes to Standalone financial statements for the year ended 31 March 2022

Even if an instrument meets the two requirements to be measured at amortised cost or fair value through other comprehensive income, a financial asset is measured at fair value through profit or loss if doing so eliminates or significantly reduces a measurement or recognition inconsistency (sometimes referred to as an 'accounting mismatch') that would otherwise arise from measuring assets or liabilities or recognising the gains and losses on them on different bases.

All other financial asset is measured at fair value through profit or loss.

All equity investments are measured at fair value in the Balance Sheet, with value changes recognised in the Statement of Profit and Loss, except for those equity investments for which the entity has elected to present value changes in 'Other Comprehensive Income'.

If an equity investment is not held for trading, an irrevocable election is made at initial recognition to measure it at fair value through other comprehensive income with only dividend income recognised in the Statement of Profit and Loss.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Company's statement of financial position) when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement and either;
 - (a) The Company has transferred substantially all the risks and rewards of the asset, or
 - (b) The Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

Investment in Subsidiaries

The Company has accounted for its investment in Subsidiaries at cost. The Company has elected to account for its equity investments in subsidiaries under Ind AS 27 on Separate Financial Statements, at cost. At the end of each reporting period the Company assesses whether there are indicators of diminution in the value of its investments and provides for impairment loss, where necessary.

Impairment of financial assets

The Company assesses impairment based on expected credit losses (ECL) model to the following:

- Financial assets measured at amortised cost;
- Financial assets measured at fair value through other comprehensive income (FVTOCI);

Expected credit losses are measured through a loss allowance at an amount equal to:

- The 12 months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument).

The Company follows 'simplified approach' for recognition of impairment loss allowance on:

- Trade receivables or contract revenue receivables; and
- All lease receivables

Under the simplified approach, the Company does not track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

SWELECT ENERGY SYSTEMS LIMITED

Notes to Standalone financial statements for the year ended 31 March 2022

The Company uses a provision matrix to determine impairment loss allowance on the portfolio of trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivable and is adjusted for forward looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12 months ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the Company reverts to recognising impairment loss allowance based on 12 months ECL.

For assessing increase in credit risk and impairment loss, the Company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

Financial Liabilities:

Initial recognition and measurement

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

- Financial liabilities at fair value through profit or loss
- Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss.
- Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term.
- Gains or losses on liabilities held for trading are recognised in the Statement of Profit and Loss.
- Financial liabilities designated upon initial recognition at fair value through profit or loss are designated at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method.

Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Statement of Profit and Loss.

Financial guarantee contracts

Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortisation.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

SWELECT ENERGY SYSTEMS LIMITED

Notes to Standalone financial statements for the year ended 31 March 2022

Offsetting of financial instruments:

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet, if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

(s) Fair value measurement

The Company measures specific financial instruments of certain investments at fair value at each Balance Sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 – Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above. This note summarises the accounting policy for fair value. Other fair value related disclosures are given in relevant notes.

(t) Cash and cash equivalents

Cash and cash equivalent in the Balance Sheet comprise Cash at Banks and on hand including cheques on hand and short-term investments with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

(u) Cash dividend

The Company recognises a liability, when the distribution is authorised and the distribution is no longer at the discretion of the Company. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

Dividends paid/payable are recognised in the year in which the related dividends are approved by the Shareholders or Board of Directors as appropriate.

SWELECT ENERGY SYSTEMS LIMITED**Notes to Standalone financial statements for the year ended 31 March 2022****(v) Cash flow statement**

Cash flows are presented using indirect method, whereby Profit/(Loss) after tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flow from operating, investing and financing activities of the Company is segregated based on the available information.

(w) Business combinations

Business combinations involving entities under the common control are accounted for using the pooling of interest method. The assets and liabilities of the combining entities are reflected at their carrying amounts. No adjustments are made to reflect fair values, or recognise any new assets or liabilities. The only adjustments that are made are to harmonise accounting policies.

The identity of the reserves shall be preserved and shall appear in the financial statements of the transferee in the same form in which they appeared in the financial statements of the transferor. Any consideration in excess of the net worth of the acquire Company is adjusted against the reserves of the acquiring Company.

(x) Exceptional items

Certain occasions, the size, type or incidence of an item of income or expense, pertaining to the ordinary activities of the Company is such that its disclosure improves the understanding of the performance of the Company, such income or expense is classified as an exceptional item and accordingly, disclosed in the notes accompanying to the financial statements.

(y) Segment Reporting

Operating segments reflect the Company's Management structure and the way the financial information is regularly reviewed by the Company's Chief Executive Officer (CEO). The CEO considers the business from both business and product perspective based on the dominant source, nature of risks and returns and the internal organisation and Management structure. The operating segments are the segments for which separate financial information is available and for which operating profit / loss amounts are evaluated regularly by the executive Management in deciding how to allocate resources and in assessing performance.

The accounting policies adopted for segment reporting are in line with the accounting policies of the Company. Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segments on the basis of their relationship to the operating activities of the segment.

Revenue, expenses, assets and liabilities which relate to the Company as a whole and are not allocable to segments on reasonable basis have been included under unallocated revenue / expenses / assets / liabilities.

Notes to Standalone financial statements for the year ended 31 March 2022

(All amounts are in ₹ Lakhs, unless otherwise stated)

Measurement of fair values:

Description of valuation techniques used and key inputs for valuation of Investment Property:

As at 31 March 2022 and 31 March 2021, the fair value of the Property is ₹ 26,746.80 lakhs and ₹ 16,585.45 lakhs, respectively. The valuation is based on fair value assessment performed by the Management. A valuation model as recommended by the International Valuation Standards Committee has been applied. The fair value is not based on the valuation by an independent valuer.

The Company has no restrictions on the realisability of its Investment Property and has no contractual obligations to purchase, construct or develop Investment Property or has any plans for major repairs, maintenance and enhancements. Fair Value Hierarchy disclosures for Investment Property has been provided in Note 37.

This method involves the projection of a series of cash flows on a real property interest. To this projected cash flow series, a market-derived discount rate is applied to establish the present value of the income stream associated with the asset. The exit yield is normally separately determined and differs from the discount rate.

Under the Discounted cash flow method, fair value is estimated using assumptions regarding the fair market value of the Property.

In this regard, the key assumptions used for fair value calculations are as follows:

- It is presumed that the vacancy durations of the Property will have no material impact on the cash flow projections, as they are immaterial
- Existing rental escalation terms will continue to exist in the future without any modification.
- It is presumed that no brokerage, commission costs will be incurred on the let out of Property.

The weighted average cost of capital (WACC) is the rate that a Company is expected to pay on average to all its security holders to finance its assets. The weighted average cost of capital is calculated by Capital Asset Pricing Model (CAPM). This model takes into account the asset's sensitivity to non-diversifiable risk (also known as systematic risk or market risk), represented by the quantity beta (β) in the financial industry, as well as the expected return of the market and the expected return of a theoretical risk-free asset.

The duration of the cash flows and the specific timing of inflows and outflows are determined by events such as rent reviews, lease renewal and related reletting, redevelopment, or refurbishment. The appropriate duration is typically driven by market behaviour that is characteristic of the class of real Property. Periodic cash flow is typically estimated as gross income, non-recoverable expenses, collection losses, lease incentives, maintenance cost and other operating and Management expenses. The series of periodic net operating income, along with an estimate of the terminal value anticipated at the end of the projection period, is then discounted.

Significant increase (decrease) in the estimated rental value and rent growth per annum in isolation would result in a significantly higher (lower) fair value of the Property. Significant increase (decrease) in long-term vacancy rate and discount rate (and exit yield) in isolation would result in a significantly lower (higher) fair value.

Generally, a change in the assumption made for the estimated rental value is accompanied by:

- i. A directionally similar change in the rent growth per annum and discount rate (and exit yield).
- ii. An opposite change in the long term vacancy rate.

Reconciliation of fair value:

Particulars	Amount in Lakhs
Gross Block As at March 31, 2022	2,439.55
Fair value difference (net)	24,307.25
Fair value As at March 31, 2022	26,746.80

As at March 31, 2022	66.55	5,783.77	54.45	5,904.77

Notes:

- The Company (Operator) has entered into the following Power Purchase Agreements (PPA) with counter parties (Grantor). The Company has assessed the same as an arrangement which needs to be accounted under the principles of Appendix C of Ind-AS 115 as the following conditions are met:

The Grantor controls or regulates which services the Operator must provide to the Infrastructure (Solar Power Plant), to whom it must provide and at what price and the controls the Grantor will exercise through ownership, beneficial entitlement or other significant residual interest in the Infrastructure at the end of the term of the arrangement.

Infrastructure within the scope of Appendix C of Ind-AS 115 is not recognised as Property, Plant and Equipment of the Operator because the contractual service arrangement does not convey the right to control the use of the Infrastructure to the Operator.

Consideration for the construction services received or receivable by the Operator is recognised at its fair value. The consideration may be rights to: (a) a financial asset or (b) an Intangible asset.

The Company recognises a financial asset to the extent that it has an unconditional contractual right to receive cash or another financial asset from the Grantor for the construction services; the Grantor has little, if any, discretion to avoid payment, usually because the agreement is enforceable by law, even if payment is contingent on the operator ensuring that the Infrastructure meets specified quality or efficiency requirements.

The tenure of the PPA represents the significant useful life of the Infrastructure. Consequently, the Company has an intangible right to receive cash through the tenure of the PPA and the same has been recognised as an Other Intangible asset. The Other Intangible asset is amortised over the agreement period.

- Other Intangible asset with a carrying amount of ₹ 4,362.82 lakhs (as at 31 March 2021: ₹ 4,601.88 lakhs) has been pledged in favour of the Grantor against the grant received and receivable from the Grantor.

22.1 Disaggregation of the revenue information

The tables below presents disaggregated revenues from contracts with customers for the year ended 31 March 2022 and 31 March 2021 by offerings. The Company believes that this disaggregation best depicts how the nature, amount, timing and uncertainty of our revenues and cash flows are affected by industry, market and other economic factors.

(i) Sale of Products comprises the following:-

Particulars	For the year ended 31 March 2022	For the year ended 31 March 2021
Manufactured goods		
Solar Photovoltaic Panels	6,742.19	4,806.73
Solar Power Generating Systems and accessories	11,584.75	5,311.66
Traded goods	268.60	2,545.38
Total	18,595.54	12,663.77

(ii) Sale of Services comprises the following:-

Particulars	For the year ended 31 March 2022	For the year ended 31 March 2021
Installation	3,886.46	1,754.30
Annual Maintenance Contracts	128.43	15.06
Others	55.13	106.13
Total	4,070.02	1,875.49

SWELECT ENERGY SYSTEMS LIMITED

Notes to Standalone financial statements for the year ended 31 March 2022

(All amounts are in ₹ Lakhs, unless otherwise stated)

(iii) Other operating revenue comprises the following:-

Particulars	For the year ended 31 March 2022	For the year ended 31 March 2021
Scrap Sales	52.08	41.34
Rental Income	444.77	372.07
Renewable Energy Certificate Income (net)	1,539.49	81.30
Total	2,036.34	494.71

No other single customers contributed 10% or more to the Company's revenue during the financial years 2021-22 and 2020-21 other than Milky Mist Dairy Foods Pvt. Limited (11.78%)

22.2 Trade Receivables and Contract Balances

The Company classifies the right to consideration in exchange for deliverables as receivable.

A receivable is a right to consideration that is unconditional upon passage of time. Revenue is recognised as and when the related goods are delivered to the customer.

Trade receivables are presented net of impairment in the Balance Sheet.

Contract liabilities include payments received in advance of performance under the contract, and are realised with the associated revenue recognised under the contract.

22.3 Performance Obligations and remaining performance obligations

The remaining performance obligations disclosure provides the aggregate amount of the transaction price yet to be recognised as at the end of the reporting period and an explanation as to when the Company expects to recognise these amounts in revenue. Applying the practical expedient as given in Ind AS-115, the Company has not disclosed information about remaining performance obligations in contracts, where the original contract duration is one year or less or where the entity has the right to consideration that corresponds directly with the value of entity's performance completed to date.

23 Other Income

Particulars	For the year ended 31 March 2022	For the year ended 31 March 2021

	Gratuity	
Investments details:		
Fund with LIC	183.21	152.63
Total	183.21	152.63

The principal assumptions used in determining provision for gratuity and compensated absences are shown below:

Particulars	2021-22	2020-21
	Gratuity	
Discount rate	6.95%	6.40%
Future salary increases	7.50%	7.50%
Expected Return on Plan Assets	9.78	8.52
Employee Turnover	8.00%	8.00%
Contribution Expected to be paid during the next year	20.00	-
	Compensated Absences	
Discount rate	6.95%	6.40%
Future salary increases	7.50%	7.50%
Employee turnover	8.00%	8.00%

SWELECT ENERGY SYSTEMS LIMITED

Notes to Standalone financial statements for the year ended 31 March 2022

(All amounts are in ₹ Lakhs, unless otherwise stated)

A quantitative sensitivity analysis for significant assumptions as at 31 March 2022 is as shown below:

Gratuity plan:

Assumptions - Sensitivity Level	For the year ended 31 March 2022			
	Sensitivity Level		Impact on defined benefit obligations	
	1% increase	1% decrease	Amount	Amount
Discount rate	7.95%	5.95%	246.64	287.37
Future salary increases	8.50%	6.50%	287.04	246.57

Assumptions - Sensitivity Level	For the year ended 31 March 2021			
	Sensitivity Level		Impact on defined benefit obligations	
	1% increase	1% decrease	Amount	Amount
Discount rate	7.40%	5.40%	226.40	266.36
Future salary increases	8.50%	6.50%	265.91	226.41

The sensitivity analyses above have been determined based on a method that extrapolates the impact on defined benefit obligations as a result of reasonable changes in key assumptions occurring at the end of the reporting period.

The average duration of the defined benefit plan obligations at the end of the reporting period is 7.77 years (31 March 2021: 10 years).

32 Commitments

(i) The estimated amount of contracts remaining to be executed on capital account and not provided for is ₹12.01 lakhs (31 March 2021: ₹ 65.94 lakhs)

(ii) Investments given as security for loans availed by the subsidiaries of the Company:

Particulars	Subsidiaries which have availed the loans	As at 31 March 2022	As at 31 March 2021
(a) Loan amount outstanding to Banks in Subsidiaries funded by Security of the Company

SWELECT ENERGY SYSTEMS LIMITED

Notes to Standalone financial statements for the year ended 31 March 2022

(All amounts are in ₹ Lakhs, unless otherwise stated)

34 Directors' remuneration

Particulars	For the year ended 31 March 2022	For the year ended 31 March 2021
Salaries	145.36	70.45
Commission	36.80	42.85
Total Directors' remuneration	182.16	113.30

Remuneration and other benefits pertain to short term employee benefits as the gratuity and compensated absences are determined for all the employees in aggregate, the cost employment benefits and other long term benefits relating to Key management personnel cannot be ascertained individually.

The remuneration payable to Key Managerial Personnel is determined by the Nomination and Remuneration Committee having regard to the performance to the individuals and market trends.

35 Contingent liabilities

The details of claims against the company not acknowledged as debts are given below:

Particulars	As at 31 March 2022	As at 31 March 2021
a) Cenvat related matters ##	671.94	671.94
b) Sales tax related matters **	35.77	35.77
c) Income tax related matters #	2,812.40	2,951.30
Total Contingencies	3,520.11	3,659.01

** ₹ 10.30 lakhs deposited under dispute in the earlier years

₹ 140.76 lakhs deposited under dispute in the earlier years

₹ 65.68 lakhs deposited under dispute in the earlier years

Management Assessment:

The amount shown under Contingent Liabilities and disputed claims represent the best possible estimates arrived at on the basis of available information. Further, various Government authorities raise issues/clarifications in the normal course of business and the Company has provided its responses to the same and no formal demands/claims has been made by the authorities in respect of the same other than those pending before various judicial/regulatory forums as disclosed above. The uncertainties and possible reimbursement in respect of the above are dependent on the outcome of the various legal proceedings, which have been initiated by the Company or the Claimants, as the case may be and therefore cannot be predicted accurately. The Company has reviewed all the proceedings and has adequately provided for wherever provisions are required and disclosed contingent liabilities wherever applicable, in its financial statements. The Company does not expect the outcome of these proceedings to have a material adverse effect on the financial statements.

36 Net equity dividend remitted in foreign exchange

Lease liabilities	-	100.87	100.87	-	185.67	185.67
Total financial liabilities	-	46,880.95	46,880.95	-	35,930.62	35,930.62

Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard.

SWELECT ENERGY SYSTEMS LIMITED

Notes to Standalone financial statements for the year ended 31 March 2022

(All amounts are in ₹ Lakhs, unless otherwise stated)

(a) Financial assets and liabilities valued at fair value

	As at 31 March 2022			As at 31 March 2021		
	Level 1	Level 2	Level 3	Level 1	Level 2	Level 3
Financial Assets						
Investment in equity instruments	-	-	18,591.67	-	-	13,964.29
Other Investments	28,319.79	-	-	27,202.11	-	-
	28,319.79	-	18,591.67	27,202.11	-	13,964.29

(b) Financial assets and liabilities measured at amortised cost

The Company has not disclosed fair values of financial instruments such as trade receivables, cash and cash equivalents, other Bank balances, security deposits, loans and advances to related parties, lease rental receivables, interest accrued on fixed deposits, certain advances to employees, trade payables and employee benefits payables (that are short term in nature), because their carrying amounts are reasonable approximations of their fair values.

(c) Offsetting

The Company has not offset financial assets and financial liabilities as at 31 March 2022 and 31 March 2021.

38 Significant accounting judgements, estimates and assumptions

The preparation of the Company's financial statements requires Management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets, liabilities, accompanying disclosures, and disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Judgements

In the process of applying the Company's accounting policies, Management has made the following judgements, which have the most significant effect on the amounts recognised in the standalone financial statements:

Service concession arrangements

Management has assessed applicability of Appendix C of Ind AS 115: Service Concession Arrangements to power distribution arrangements entered into by the Company. In assessing the applicability, Management has exercised significant judgment in relation to the underlying ownership of the assets, terms of the power distribution arrangements entered with the grantor, ability to determine prices, value of construction service, assessment of right to guaranteed cash etc.

Operating lease commitments - Company as lessor

The Company has entered into commercial property leases on its Investment Property portfolio. The Company has determined, based on an evaluation of the terms and conditions of the arrangements, such as the lease term not constituting a major part of the economic life of the commercial property and the fair value of the asset, that it retains all the significant risks and rewards of ownership of these properties and accounts for the contracts as operating leases.

Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

Taxes

Significant Management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

SWELECT ENERGY SYSTEMS LIMITED

Notes to Standalone financial statements for the year ended 31 March 2022

(All amounts are in ₹ Lakhs, unless otherwise stated)

Allowance for uncollectible trade receivables

Trade receivables do not carry interest and are stated at their nominal values as reduced by appropriate allowances for estimated irrecoverable amounts. Estimated irrecoverable amounts are based on the ageing of the receivable balances and historical experiences. Individual trade receivables are written off when Management deems them not collectible. The Company has evaluated the receivable balances and has made allowances for the estimated irrecoverable amounts and no further allowance/write-off is expected on the receivables by the Company.

Warranties

Provision for warranties involves a significant amount of estimation. The provision is based on the best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The best estimate is determined based on the Company's past experience of warranty claims and future expectations. These estimates are revised periodically.

Impairment of financial assets

The impairment provisions for financial assets are based on assumptions about risk of default and expected loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

Impairment of non-financial assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or Cash Generating Units (CGU) fair value less costs of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded subsidiaries or other available fair value indicators.

Defined benefit plans

The cost of the defined benefit gratuity plan and other post-employment compensated absences and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. Further details about defined benefit obligations are given in Note 31.

38A Recent Accounting Pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 23, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, applicable from April 1, 2022, as below:

Ind AS 103 – Reference to Conceptual Framework

The amendments specify that to qualify for recognition as part of applying the acquisition method, the identifiable assets acquired and liabilities assumed must meet the definitions of assets and liabilities in the Conceptual Framework for Financial Reporting under Indian Accounting Standards (Conceptual Framework) issued by the Institute of Chartered Accountants of India at the acquisition date. These changes do not significantly change the requirements of Ind AS 103. The Company does not expect the amendment to have any significant impact in its financial statements

SWELECT ENERGY SYSTEMS LIMITED

Notes to Standalone financial statements for the year ended 31 March 2022

(All amounts are in ₹ Lakhs, unless otherwise stated)

Ind AS 16 – Proceeds before intended use

The amendments mainly prohibit an entity from deducting from the cost of property, plant and equipment amounts received from selling items produced while the company is preparing the asset for its intended use. Instead, an entity will recognise such sales proceeds and related cost in profit or loss. The Company does not expect the amendments to have any impact in its recognition of its property, plant and equipment in its financial statements.

Ind AS 37 – Onerous Contracts - Costs of Fulfilling a Contract

The amendments specify that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts. The amendment is essentially a clarification and the Company does not expect the amendment to have any significant impact in its financial statements.

Ind AS 109 – Improvements

The amendment clarifies which fees an entity includes when it applies the '10 percent' test of Ind AS 109 in assessing whether to derecognise a financial liability. The Company does not expect the amendment to have any major impact in its financial statements.

Ind AS 116 – Annual Improvements to Ind AS (2021)

The amendments remove the illustration of the reimbursement of leasehold improvements by the lessor in order to resolve any potential confusion regarding the treatment of lease incentives that might arise because of how lease incentives were described in that illustration. The Company does not expect the amendment to have any significant impact in its financial statements.

39 Financial Risk Management Objectives & Policies

The Company's principal financial liabilities comprise of short tenured borrowings, trade and other payables. Most of these liabilities relate to the Company's working capital cycle. The Company has trade and other receivables, loans and advances that arise directly from its operations.

The Company is accordingly exposed to market risk, credit risk and liquidity risk.

The Company's senior Management oversees Management of these risks. The senior professionals working to manage the financial risks for the Company are accountable to the Board of Directors and the Audit Committee. This process provides assurance that the Company's financial risk-taking activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with Company's policies and overall risk appetite. All foreign currency hedging activities for risk Management purposes are carried out by a team that have the appropriate skills, experience and supervision. In addition, independent views from bankers and currency market experts are obtained periodically to validate risk mitigation decisions. It is the Company's policy that no trading in derivatives for speculative purposes shall be undertaken.

The Audit Committee reviews and agree policies for managing each of these risks which are summarised below:

(a) Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises currency rate risk and interest rate risk. Financial instruments affected by market risk include loans and borrowings, deposits and advances.

SWELECT ENERGY SYSTEMS LIMITED

Notes to Standalone financial statements for the year ended 31 March 2022

(All amounts are in ₹ Lakhs, unless otherwise stated)

The Company's activities expose it to a variety of financial risks, including the effects of changes in foreign currency exchange rates and interest rate movement.

Particulars	As at 31 March 2022	As at 31 March 2021
Variable rate borrowings	28,889.51	27,275.88
Fixed rate borrowings	-	-
Total	28,889.51	27,275.88

(i) Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings. With all the other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

Particulars	Increase/ decrease in basis points	Effect on Profit before tax
31 March 2022	+ 53 basis points	153.11
	- 53 basis points	(153.11)
31 March 2021	+ 76 basis points	207.30
	- 76 basis points	(207.30)

(ii) Foreign Currency Risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company transacts business in local currency and in foreign currency, primarily US Dollars and Euro. The Company has foreign currency trade payables and receivables and is therefore, exposed to foreign currency risk.

The Company manages its foreign currency risk by way of a periodical assessment for hedging appropriate percentage of its foreign currency exposure, as per its established risk Management policy duly considering the nature of the foreign currency receivable/payables, the fluctuation in the foreign currencies etc.

Foreign Currency Sensitivity

The Company does not have outstanding derivatives as at 31 March 2022 and 31 March 2021 and all of its foreign currency exposure is unhedged. The following table demonstrates the sensitivity in the USD, Euro and other currencies to the functional currency of the Company, with all other variables held constant. The impact on the Company's Profit before tax is due to changes in the fair value of monetary assets and liabilities including foreign currency derivatives.

Particulars	Change in currency exchange rate	Effect on profit before tax		Effect on equity	
		For the Year Ended 31 March 2022	For the Year Ended 31 March 2021	For the Year Ended 31 March 2022	For the Year Ended 31 March 2021
US Dollars	+5%	(869.77)	(425.32)	(869.77)	(425.32)
	-5%	869.77	425.32	869.77	425.32
Euro	+5%	(0.35)	(20.83)	(0.35)	(20.83)
	-5%	0.35	20.83	0.35	20.83

(b) Credit Risk

Credit risk is the risk that a counter party will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities, primarily trade receivables and from its financing activities, including deposits with Banks, foreign exchange transactions and other financial instruments.

SWELECT ENERGY SYSTEMS LIMITED

Notes to Standalone financial statements for the year ended 31 March 2022

(All amounts are in ₹ Lakhs, unless otherwise stated)

(i) Trade and other receivables

Customer credit risk is managed by each business unit subject to the Company's established policy, procedures and controls relating to customer credit risk Management. Trade receivables are non-interest bearing and are generally on credit terms in line with respective industry norms. Outstanding customer receivables are regularly monitored. The Company has no concentration of credit risk as the customer base is widely distributed both economically and geographically.

Exposures to customers outstanding at the end of each reporting period are reviewed by the Company to determine incurred and expected credit losses based on historical trends and other factors. Given that the macro economic indicators affecting customers of the Company have not undergone any substantial change, the Company expects the historical trend of minimal credit losses to continue. Further, Management believes that the unimpaired amounts that are past due by more than 360 days are still collectible in full, based on historical payment behaviour and extensive analysis of customer credit risk. The impairment loss at the reporting dates related to several customers that have defaulted on their payments to the Company and are not expected to be able to pay their outstanding balances, mainly due to economic circumstances.

In addition, an impairment analysis is performed at each reporting date on an individual basis for all the major individual customers. The maximum exposure to credit risk as at the reporting date is the carrying value of each class of financial assets that are not secured by security deposits. The ageing analysis of trade receivables as of the reporting date is as follows:

Particulars	Neither past due nor impaired	Past due but not impaired		Total
		Less than 1 year	More than 1 year	
Trade Receivables as at 31 March 2022	4,507.18	303.25	1,567.92	6,378.35
Trade Receivables as at 31 March 2021	4,193.90	2,892.59	1,353.81	8,440.30

The requirement for impairment is analysed at each reporting date and provision is based on the Expected Credit Loss Method by following a provision matrix which results in provision percentages in the range of 10% to 100% based on the age bucket of receivables ranging from 1.5 years to 5 years and more.

Lease rent receivable

The Company's leasing arrangements represent the Buildings and Land let out to various customers which have been classified as Operating Lease. The creditworthiness of the customer is evaluated prior to sanctioning credit facilities. Appropriate procedures for follow-up and recovery are in place to monitor credit risk. The Company does not expect any losses from non-performance by these customers.

Cash and Bank balances

The Company holds cash and cash equivalents with credit worthy Banks and financial institutions as at the reporting date. The credit worthiness of such Banks and financial institutions are evaluated by the Management on an ongoing basis and is considered to be good.

Other financial assets including investments

The Company does not expect any losses from non-performance by the counter-parties.

(ii) Financial instruments and cash deposits

Credit risk from balances with Banks is managed by Company's treasury team in accordance with the policy approved by the Board. Investments of surplus funds are made temporarily with approved counterparties, mainly mutual funds, who meet the minimum threshold requirements under the counterparty risk assessment process.

(c) Liquidity Risk

Liquidity risk is the risk that the Company may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses. The Company's objective is to, at all times maintain optimum levels of liquidity to meet its cash and collateral requirements. The Company closely monitors its liquidity position and deploys a robust cash Management system. It maintains adequate sources of financing including loans, debt, and overdraft from both domestic and international banks at an optimised cost.

SWELECT ENERGY SYSTEMS LIMITED

Notes to Standalone financial statements for the year ended 31 March 2022

(All amounts are in ₹ Lakhs, unless otherwise stated)

The table below summarise the maturity profile of the Company's financial liabilities based on contractual undiscounted payments:

Particulars	As at 31 March 2022			Total	Carrying Value
	Less than 1 year	1- 5 years	More than 5 years		
Borrowings	17,452.98	10,476.24	960.29	28,889.51	28,889.51
Trade Payables	17,590.80	-	-	17,590.80	17,590.80
Lease liability	92.76	8.11	-	100.87	100.87
Other financial liabilities	266.04	100.89	-	366.93	366.93
Total	35,335.42	10,585.24	960.29	46,880.95	46,880.95

Particulars	As at 31 March 2021			Total	Carrying Value
	Less than 1 year	1- 5 years	More than 5 years		
Borrowings	14,076.07	12,355.87	843.94	27,275.88	27,275.88
Trade Payables	8,150.01	-	-	8,150.01	8,150.01
Lease liability	84.80	100.87	-	185.67	185.67
Other financial liabilities	141.58	177.48	-	319.06	319.06
Total	22,452.46	12,634.22	843.94	35,930.62	35,930.62

40 Capital Management

Capital includes equity attributable to the equity holders of the Company and net debt. Primary objective of Company's capital Management is to ensure that it maintains an optimum financing structure and healthy returns in order to support its business and maximize shareholder value. The Company manages its capital structure and makes adjustments, in light of the changes in economic conditions or business requirements. The Company monitors capital using a gearing ratio which is net debt divided by total capital plus net debt. Net debt is calculated as loans and borrowings less cash and cash equivalents.

Gearing Ratio:

Particulars	As at	As at
	31 March 2022	31 March 2021
Borrowings	28,889.51	27,275.88
Less: Cash and cash equivalents	(3,418.39)	(314.25)
Net Debt	25,471.12	26,961.63
Equity	71,042.41	68,095.99
Total Capital	71,042.41	68,095.99
Capital and Net Debt	96,513.53	95,057.62
Gearing Ratio	26.39%	28.36%

- 41** The Company has investments (net) aggregating ₹ 7,186.18 lakhs (As at March 2021 ₹ 7,186.18 lakhs) and loans & advances aggregating ₹ 4,912.37 lakhs (As at 31 March 2021 ₹ 4,523.97 lakhs) relating to two operating subsidiaries of the Company who has accumulated losses as per the audited financial statements as at 31 March 2022. During the year ended 31 March 2022, the Company had carried out a detailed assessment of the recoverability of its investments and loans & advances duly considering revenue projections of the subsidiaries based on the most recent long-term forecasts, resultant cash flows using

SWELECT ENERGY SYSTEMS LIMITED

Notes to Standalone financial statements for the year ended 31 March 2022

(All amounts are in ₹ Lakhs, unless otherwise stated)

an appropriate discount rate as well as significant estimates and judgements involving certain new projects and expected clearances and approvals from relevant authorities. All of these estimates and judgements have inherent uncertainties and the actual results may differ from that estimated as at the date of the Balance sheet. The estimation of revenue projections is based on the Management's assessment of probability of securing new businesses in the future, duly considering adverse business impact and uncertainties arising on account of the COVID-19 pandemic to the extent known. The impact of COVID-19 on the Company's financial results is not material as on date.

During the previous year, the Company based on the assessment, made a provision for diminution in the value of investment relating to one of the subsidiaries for ₹691 lakhs and disclosed the same as an exceptional item in the standalone financial statements/results of the Company for the quarter and year ended 31 March 2021. The Management has concluded that the carrying value of the investments, net of the above provision, and Loans & Advances are recoverable duly considering the expected future business projections as at 31 March 2022.

42 The following are ratios disclosed:

RATIOS	Numerator	Denominator	31 March 2022	31 March 2021	Variance	Reasons for variance
(a) Current Ratio	Current Assets	Current Liabilities	1.53	2.47	-38%	The current ratio decreased due to increase in working capital loan for commissioning of projects.
(b) Debt-Equity Ratio	Total Debt	Shareholders Equity	0.41	0.40	2%	
(c) Debt Service Coverage Ratio	Earnings available for debt service	Debt service	0.34	0.32	6%	
(d) Return on Equity Ratio	Profit available for Equity shareholders	Average Shareholder's Equity	4.79	3.57	34%	The Return on equity increased due to better margins from the projects commissioned.
(e) Inventory turnover ratio	COGS or Sales	Average inventory	1.96	2.23	-12%	
(f) Trade Receivables turnover ratio	Net credit sales	Average accounts receivable	3.86	2.84	36%	The debtors turnover ratio improved primarily due to effective collection of receivables, conservative credit policy and high quality customer base.
(g) Trade payables turnover ratio	Net credit purchases	Average trade payables	0.84	1.44	-42%	The Company has negotiated terms for better working capital cycle.
(h) Net capital turnover ratio	Net sales	Working capital	1.48	0.54	174%	Net Capital Turnover ratio is higher due to commissioning of the projects with effective utilisation of working capital.
(i) Net profit ratio	Profit After Tax	Net sales	0.12	0.13	-8%	
(j) Return on Capital employed,	Profit before Interest and Tax	Capital employed	0.06	0.04	50%	The Return on capital employed increased due to better profits during the current year.
(k) Return on investment	Computed using Time Weighted Rate of Return		45.87	43.92	4%

(All amounts are in ₹ Lakhs, unless otherwise stated)

43 Additional Information:

- a) The Company does not have any Benami property, where any proceeding has been initiated or pending against the Company for holding any Benami property.
- (b) The Company has not traded or invested in Crypto currency or Virtual Currency during the financial year
- (c) The Company has not advanced or loaned or invested funds to any other person(s) or entity(ies), including foreign entities (Intermediaries) with the understanding that the Intermediary shall: (a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company (Ultimate Beneficiaries) or (b) provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.
- (d) The Company has not received any fund from any person(s) or entity(ies), including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Company shall: (a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or (b) provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (e) The Company does not have any such transaction which is not recorded in the books of accounts that has been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (such as, search or survey or any other relevant provisions of the Income Tax Act, 1961).
- (f) To the best of its knowledge, The Company has not had any transaction with any struck-off companies during the year.
- (g) The Company does not have any charges or satisfaction yet to be registered with the ROC beyond the statutory period as at the year ended 31 March 2022.

44 Previous year figures have been regrouped / reclassified wherever necessary.

45 The Company assessed the recoverability of receivables, property plant and equipments, other intangible assets and certain investments, due to Covid-19. For this, the Company has considered internal and external information up to the date of approval of these audited financials including credit reports and economic forecasts. The Company has performed sensitivity analysis on the assumptions used and based on current indicators of future economic conditions, the Company expects to recover the carrying amount of these assets. The impact of the global health pandemic may be different from that estimated as at the date of approval of these audited financials and the Company will continue to closely monitor any material charges to future economic conditions.

46 The Board duly taking into account all the relevant disclosures made, has approved these standalone financial statements in its meeting held on 26 May 2022 in accordance with the provisions of Companies Act, 2013.

INDEPENDENT AUDITOR'S REPORT

To the Members of SWELECT ENERGY SYSTEMS LIMITED

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying Consolidated financial statements of **SWELECT ENERGY SYSTEMS LIMITED** ("the Parent") and its subsidiaries, (the Parent and its subsidiaries together referred to as "the Group" which comprise the Consolidated Balance Sheet as at 31 March 2022, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors on separate financial statements / financial information of the subsidiaries the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ('Ind AS') and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31 March 2022, and their consolidated profit, their consolidated total comprehensive Income, their consolidated cash flows and their consolidated changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing specified under section 143 (10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Consolidated financial statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the Consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in the sub-paragraphs (a) of the Other Matters section below, is sufficient and appropriate to provide a basis for our audit opinion on the Consolidated financial statements.

Emphasis of Matter

We draw attention to Note 47 of the consolidated financial statements, which describes the management's assessment of impairment of Property, plant and equipment in two operating subsidiaries, either on account of accumulated losses or significant reduction in revenues in those subsidiaries. This assessment also considers the uncertainties arising from COVID 19 pandemic. Such estimates are based on current facts and circumstances and may not necessarily reflect the future uncertainties and events arising from the full impact of the COVID 19 pandemic.

Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	Response to Key Audit Matter
1	<p>Impairment of Property, Plant & Equipment of two operating subsidiaries which has accumulated losses.</p> <p>Property, Plant & Equipment (net) aggregating to ₹ 8,624.46 lakhs as at 31 March 2022 relating to two operating subsidiaries, which has accumulated losses [Refer Note 3 to the Consolidated Financial Statements].</p> <p>The group has carried out detailed evaluation considering various factors and concluded that the carrying value of property, plant and equipment are good and recoverable.</p> <p>Due to multitude of factors and assumptions involved in determining the forecasted revenues and cash flows on the discount rate and growth rate used in the projection period, significant judgements are required to estimate the recoverable values. Any adverse changes to these assumptions could result into reduction in the fair value determined, resulting in a potential impairment to be recognised.</p>	<p>Principal audit procedure performed:</p> <p>Our procedures relating to impairment of property, plant and equipment included the following, among others:</p> <p>We understood and tested the effectiveness of internal controls over the Company's forecasting process and property, plant and equipment impairment review including controls relating to the valuation methodology used, the completeness and accuracy of the input data considered, including the reasonableness of key assumptions considered in determining the future projections and the impairment calculations.</p> <p>We had discussions with the component auditors in regard to the impairment evaluation of property, plant and equipment pertaining to two operating subsidiaries. Also, we have sent out referral instructions to the component auditors and evaluated the responses received from them. The procedures performed by the component auditors and which were evaluated by us are as follows:</p> <p>Component audit team have received the valuation report (prepared by the external valuation specialist or as prepared by the management, as applicable) and considered as part of their impairment testing over the property, plant and equipment.</p> <p>Component audit team have evaluated appropriateness of the valuation methodology used and the reasonableness of the key assumptions considered by the management, such as discount rate and growth rate considering the historical accuracy of the Company's estimates in the prior periods</p> <p>The component audit team has compared the actual revenues and cash flows generated by these subsidiaries during the year as to the projections and estimates considered in the previous year.</p> <p>The component audit team has also assessed the sensitivity of the valuation to key changes in assumptions and tested the mathematical accuracy of the impairment model.</p> <p>The Component auditors have reported to us that they have performed these procedures.</p>

Information Other than the Financial Statements and Auditor's Report Thereon

- The Parent's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's report, but does not include the Consolidated financial statements, Standalone financial statements and our auditor's report thereon. which we obtained prior to the date of this auditor's report, and the Annual report, which is expected to be made available to us after that date.
- Our opinion on the Consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the Consolidated financial statements, our responsibility is to read the other information, compare with the financial statements of the subsidiaries audited by the other auditors, to the extent it relates to these entities and, in doing so, place reliance on the work of the other auditors and consider whether the other information is materially inconsistent with the Consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. Other information so far as it relates to the subsidiaries is traced from their financial statements audited by the other auditors.

- If, based on the work we have performed on the other information that we obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Consolidated Financial Statements

The Parent's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Consolidated financial statements that give a true and fair view of the Consolidated financial position, Consolidated financial performance including other comprehensive income, Consolidated cash flows and Consolidated changes in equity of the Group in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the Consolidated financial statements by the Directors of the Parent as aforesaid.

In preparing the Consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Management either intends to liquidate their respective entities or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibility for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Parent has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated financial statements, including the disclosures, and whether the Consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of entities included in the consolidated financial statements of which we are the independent

auditors. For the entities included in the consolidated financial statements, which have been audited by the other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Parent and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

(a) We did not audit the financial statements of 10 subsidiaries, whose financial statements reflect total assets of ₹ 51,849.11 lakhs as at 31 March 2022, total revenues of ₹13,552.66 lakhs and net cash (outflows) amounting to ₹ 6,505.83 lakhs for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and our report in terms of subsection (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries is based solely on the reports of the other auditors.

Our report is not modified in respect of this matter.

(b) We did not audit the financial statements of 1 subsidiary, whose financial statements reflect total assets of ₹ 172.30 lakhs as at 31 March, 2022, total revenues of ₹ 131.72 lakhs and net cash flows amounting to ₹ 36.96 lakhs for the year ended on that date, as considered in the consolidated financial statements. These financial statements are unaudited and have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, is based solely on such unaudited financial statements. In our opinion and according to the information and explanations given to us by the Management, these financial statements are not material to the Group.

Our opinion on the Consolidated financial statements above and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of other auditors and the financial information certified by the Management.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit and on the consideration of the reports of the branch auditors and other auditors on the separate financial statements/ financial information of the subsidiaries referred to in the Other Matters section above we report, to the extent applicable that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
- b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid Consolidated financial statements have been kept so far as it appears from our examination of those books, returns and the reports of the other auditors.
- c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the Consolidated financial statements.
- d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act.

- e) On the basis of the written representations received from the directors of the Parent as on 31 March 2022 taken on record by the Board of Directors of the Parent and the reports of the statutory auditors of its subsidiary companies none of the directors of the Group companies is disqualified as on 31 March 2022 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls, refer to our separate Report in "Annexure A" which is based on the auditors' reports of the Parent, subsidiary companies. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of internal financial controls over financial reporting of those companies.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended.

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Parent to its directors during the year is in accordance with the provisions of section 197 of the Act.

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i) The Consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group.
 - ii) The Group did not have any material foreseeable losses on long-term contracts including derivative contracts.
 - iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Parent.
 - iv) (a) The Management has represented that, to the best of it's knowledge and belief, as disclosed in the notes to accounts, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the intermediary shall directly indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate beneficiaries
 - (b) The Management has represented, that, to the best of it's knowledge and belief, as disclosed in the notes to accounts, no funds (which are material either individually or in the aggregate) have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall directly indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate beneficiaries
 - (c) Based on the audit procedures that has been considered reasonable and appropriate in the circumstances performed by us, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material mis-statement.
 - v) The dividend declared and paid by the Parent during the year and until the date of this report is in accordance with section 123 of the Companies Act 2013.
- 2. As required by the Companies (Auditor's Report) Order, 2020("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 1(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

In conjunction with our audit of the Consolidated financial statements of the Group as of and for the year ended 31 March 2022, we have audited the internal financial controls over financial reporting of **SWELECT ENERGY SYSTEMS LIMITED** (hereinafter referred to as “Parent”), as of that date.

Management’s Responsibility for Internal Financial Controls

The Board of Directors of the Parent, is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (“the ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Parent’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Parent’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Parent’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also,

projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors referred to in the Other Matters paragraph below, the Parent, its Subsidiary Companies, which are Companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2022, based on the criteria for internal financial controls over financial reporting established by the respective Companies considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to 5 Subsidiary Companies, which are Companies incorporated in India, is based solely on the corresponding reports of the auditors of such Companies incorporated in India.

Our opinion is not modified in respect of the above matters.

SWELECT ENERGY SYSTEMS LIMITED

Notes to Consolidated financial statements for the year ended 31 March 2022

1 Corporate information

SWELECT ENERGY SYSTEMS LIMITED (hereinafter referred to as 'the Parent' or 'the Company' or 'the Holding Company') was incorporated as a Public Limited Group on 12 September 1994. The Parent and its subsidiaries (together referred to as 'the Group') are engaged in the business of manufacturing and trading of Solar power projects, off-grid solar photovoltaic modules, based on crystalline silicon technology (c-Si), solar and wind power generation, contract manufacturing services, installation and maintenance services, sale of Solar Photovoltaic inverters and energy efficient lighting systems. The Parent is domiciled in India and its shares are listed on BSE and NSE. The registered office of the Group is located at Chennai.

2 Basis of preparation

(a) Statement of compliance

These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 notified under Section 133 of Companies Act, 2013, (the 'Act') and other relevant provisions of the Act.

(b) Functional and presentation currency

Currency of the primary economic environment in which the Group operates ("the functional currency") is Indian Rupee (₹). Accordingly, the Management has assessed its functional currency to be Indian Rupee (₹).

(c) Basis of measurement

These financial statements have been prepared on the historical cost basis except for certain financial instruments which are measured at fair values at the end of each reporting period, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

(d) Use of estimates and judgements

In preparing these financial statements, the Management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

Judgements

Note 5 - Revenue from Service Concession Arrangements

Assumptions and estimation uncertainties

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment in the year ending 31 March 2022 is included in the following notes:

Note 3 - Useful life of Property, Plant and Equipment

Note 21 - Revenue from Service Concession Arrangements

Note 36 - Fair valuation of Financial Assets/Liabilities

Notes 6 and 9 - Impairment of financial assets and other assets

Note 8 - Allowance for Non-moving, Slow moving inventories

Note 18 - Provision for Warranty and the underlying projections / assumptions / judgements etc.

Note 31 - Measurement of Defined Benefit Obligations: Key actuarial assumptions

(e) Measurement of fair values

A number of Group's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities. The Group has an established control framework with respect to the measurement of fair values whereby the valuation is obtained from an external independent valuer, where feasible, which is then reviewed by the Chief Financial Officer for the underlying assumptions used in the valuation.

The Chief Financial Officer regularly reviews the significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used by the valuer to measure fair values, then the Chief Financial Officer assesses the evidence obtained from the third parties to support the conclusion that these valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which the valuations should be classified.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

SWELECT ENERGY SYSTEMS LIMITED

Notes to Consolidated financial statements for the year ended 31 March 2022

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs)

When measuring the fair value of an asset or a liability, the Group uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Group recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

Further information about the assumptions made in measuring fair values is included in the following notes:

Note 4 – Investment Property and

Note 36 – Financial Instruments

2(A) Summary of significant accounting policies

Principles of Consolidation:

The consolidated financial statements relate to the Company and its Subsidiaries. The consolidated financial statements have been prepared on the following basis:

The financial statements of the Company and its Subsidiaries have been combined on a line-by-line basis by adding together like items of assets, liabilities, income and expenses, after eliminating material intra-group balances, intra-group transactions and resulting unrealised profits or losses, unless cost cannot be recovered.

The consolidated financial statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances are presented to the extent possible, in the same manner as the Company's separate financial statements.

The details of the Subsidiaries considered in the preparation of the consolidated financial statements are given below:

SI No.	Name of the Subsidiary	Country of Incorporation	Relationship	Effective Ownership Interest as at the Balance Sheet Date (%)	
				2021-22	2020-21
1	Swelect Energy Systems Pte. Limited., Singapore	Singapore	Subsidiary	100%	100%
2	Swelect Inc. USA	USA	Subsidiary	100%	100%
3	Swelect Solar Energy Private Limited	India	Subsidiary	100%	100%
4	Subsidiaries of Swelect Solar Energy Private Limited:				
a	Noel Media & Advertising Private Limited	India	Subsidiary	100%	100%
b	K J Solar Systems Private Limited	India	Subsidiary	100%	100%
5	Swelect Power Systems Private Limited	India	Subsidiary	100%	100%
6	Amex Alloys Private Limited	India	Subsidiary	100%	100%
7	Swelect Green Energy Solutions Private Limited	India	Subsidiary	100%	100%
8	Swelect Sun Energy Private Limited	India	Subsidiary	74%	74%
9	SWEES Employees' Welfare Trust *	India	Subsidiary	*	*
10	Swelect Renewable Energy Private Limited	India	Subsidiary	74%	*
11	Swelect HHV Solar Photovoltaics Private Limited	India	Subsidiary	100%	*

* No shareholding and the entity is a trust in which the Company has Control. Two of the Company's directors are also the trustees in the Trust and the trust holds 176,400 shares of the Company. The main object of the trust is for the welfare of the employees of the Group.

SWELECT ENERGY SYSTEMS LIMITED

Notes to Consolidated financial statements for the year ended 31 March 2022

(a) Current versus non-current classification

The Group presents assets and liabilities in the Balance sheet based on current/ non-current classification which is determined based on the operating cycle.

An asset is treated as current when it is:

- ♦ Expected to be realised or intended to sold or consumed in the normal operating cycle
- ♦ Held primarily for the purpose of trading
- ♦ Expected to be realised within twelve months after the reporting period, or
- ♦ Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

The Group classifies all other assets as non-current.

- ♦ A liability is treated as current when:
- ♦ It is expected to be settled in normal operating cycle
- ♦ It is held primarily for the purpose of trading
- ♦ It is due to be settled within twelve months after the reporting period, or
- ♦ There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Group classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Group has identified twelve months as its operating cycle.

(b) Revenue Recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes and duties collected on behalf of the Government. The Group has concluded that it is the principal in all of its revenue arrangements since it is the primary obligor in all the revenue arrangements as it has pricing latitude and is also exposed to inventory and credit risks.

The following specific recognition criteria must also be met before revenue is recognised:

Sale of goods

Revenue from sale of goods, its accessories and other traded/manufactured goods are recognised when significant risks and rewards of ownership are passed to the buyer, which generally coincides with dispatch of goods. Revenues under composite contracts comprising supply, installation and commissioning are recognised on commissioning of the contract.

Sales Tax/Value Added Tax (VAT), Goods and Service Tax is not received by the Group on its own account. Rather, it is tax collected on value added to the commodity by the seller on behalf of the Government. Accordingly, it is excluded from revenue.

Sale of power

Revenue from sale of power from renewable energy sources is recognised in accordance with the price agreed under the provisions of the Power Purchase Agreement entered into with Tamilnadu Generation and Distribution Corporation Limited (TANGEDCO) and other customers. Such revenue is recognised on the basis of actual units generated and transmitted.

Revenue from power distribution business is accounted on the basis of billings to the customers and includes unbilled revenues accrued up to the end of accounting year. Customers are billed as per the tariff rates issued by Electricity Regulatory Commission.

SWELECT ENERGY SYSTEMS LIMITED

Notes to Consolidated financial statements for the year ended 31 March 2022

Renewable Energy Certificate (REC) Income:

Income arising from REC is initially recognised in respect of the number of units of power exported at the minimum expected realisable value, determined based on the rates specified under the relevant regulations duly considering the entitlements as per the policy, industry specific developments, Management assessment etc and when there is no uncertainty in realising the same. The difference between the amount recognised initially and the amount realised on sale of such RECs at the Power Exchange are accounted for as and when such sale happens.

Income from service

Revenue from maintenance contracts is recognised in the Statement of Profit and Loss on a periodic basis over the period of the contract according to the terms and conditions of the agreements. Income from installation contracts is recognised when the certificate of installation is received from the customer.

Interest income

Revenue is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable. Interest income is included in 'Other Income' in the Consolidated Statement of Profit and Loss. For all debt instruments measured either at amortised cost or at fair value through other comprehensive income, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortised cost of a financial liability. When calculating the effective interest rate, the Group estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

Dividend

Revenue is recognised when the Group's right as a shareholder/unit holder to receive payment is established by the reporting date.

Rental Income

Rental income arising from operating leases is accounted for on a straight-line basis over the lease terms and is included in Revenue from Operations in the Statement of Profit and Loss due to its operating nature.

(c) Service Concession Agreement

The Group constructs Infrastructure used to provide a public service, operates and maintains that Infrastructure (operation services) for a specified period of time.

These arrangements may include Infrastructure used in a public-to-private service concession arrangement for its entire useful life.

Under Appendix C to Ind AS 115 - Service Concession Arrangements, these arrangements are accounted for based on the nature of the consideration. The Intangible asset model is used to the extent that the Group receives a right (i.e. a franchisee) to charge users of the public service. The financial asset model is used when the Group has an unconditional contractual right to receive cash or another financial asset from or at the direction of the grantor for the construction services. When the unconditional right to receive cash covers only part of the service, the two models are combined to account separately for each component. If the Group performs more than one service (i.e., construction or upgrade services and operation services) under a single contract or arrangement, consideration received or receivable is allocated with reference to the relative fair values of the services delivered, when the amounts are separately identifiable.

The Group manages concession arrangements which include constructing Solar power distribution assets for distribution of electricity. The Group maintains and services the infrastructure during the concession period. These concession arrangements set out rights and obligations related to the Infrastructure and the services to be provided.

The right to consideration gives rise to an Intangible asset and financial receivable and accordingly, both the Intangible asset and financial receivable models are applied. Income from the concession arrangements earned under the Intangible asset model consists of the value of contract revenue, which is deemed to be fair value of consideration transferred to acquire the asset; and payments actually received from the users. The Intangible asset is amortised over its expected useful life in a way that reflects the pattern in which the asset's economic benefits are consumed by the Group, starting from the date when the right to operate starts to be used. Based on these principles, the Intangible asset is amortised in line with the actual usage of the specific public facility or the agreement period, whichever is less.

Financial receivable is recorded at fair value of guaranteed residual value to be received at the end of the concession period. This receivable is subsequently measured at amortised cost.

Any asset carried under concession arrangements is derecognised on disposal or when no future economic benefits are expected from its future use or disposal or when the contractual rights to the financial asset expires.

SWELECT ENERGY SYSTEMS LIMITED

Notes to Consolidated financial statements for the year ended 31 March 2022

(d) Inventories

Inventories are valued as follows:

Raw materials, stores and spares	Lower of cost and net realisable value. However, materials and other items held for use in the production of inventories are not written down below cost, if the finished products in which they will be incorporated are expected to be sold at or above cost. Cost is determined on a weighted average basis.
Work-in-progress, Finished goods	Lower of cost and net realisable value. Cost includes direct materials and labour and a proportion of manufacturing overheads based on normal operating capacity. Cost of finished goods includes excise duty (until 30 June 2017).
Traded goods	Lower of cost and net realisable value. Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on a first in first out basis.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and costs to make the sale.

(e) Taxes

Current income tax

Income tax expense comprises current and deferred taxes. Income tax expense is recognized in the Statement of Profit and Loss except to the extent it relates to items recognized directly in Equity, in which case it is recognised in Equity.

Current Tax is the amount of tax payable on the taxable income for the year and is determined in accordance with the provisions of the Income Tax Act, 1961. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in Other Comprehensive Income or in Equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in Equity.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future tax liability, is considered as an asset, if there is convincing evidence that the Group will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is probable that future economic benefit associated with it will flow to the Group. The carrying amount of MAT is reviewed at each reporting date and the asset is written down to the extent the Group does not have convincing evidence that it will pay normal income tax during the specified period. With the introduction of the new Income tax provisions, the Group has the option to adopt lower rate of tax under Section 115BAA. Upon availing this option, MAT accruals till date of adoption will be expunged for the respective companies.

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised. The carrying amount of deferred tax assets is reviewed at each reporting date and written off to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside the Statement of Profit and Loss is recognised outside Statement of Profit and Loss (either in Other Comprehensive Income or in Equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in Equity.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

In the situations where the Group is entitled to a tax holiday under the Income-tax Act, 1961 enacted in India or tax laws prevailing in the respective tax jurisdictions where it operates, no deferred tax (asset or liability) is recognised in respect of timing differences which reverse during the tax holiday period, to the extent the Group's gross total income is subject to the deduction during the tax holiday period. Deferred tax in respect of timing differences which reverse after the tax holiday period is recognised in the year in which the timing differences originate.

SWELECT ENERGY SYSTEMS LIMITED

Notes to Consolidated financial statements for the year ended 31 March 2022

(f) Employee Benefits

Defined Contribution Plan

Provident Fund

Retirement benefit in the form of provident fund is a defined contribution scheme. The Group has no obligation, other than the contribution payable to the provident fund. The Group recognises contribution payable to the provident fund scheme as an expenditure, when an employee renders the related service. If the contribution payable to the scheme for service received before the Balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognised as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the Balance sheet date, then excess is recognised as an asset to the extent of the pre-payment.

Employee State Insurance

Contributions to Employees State Insurance Scheme are recognised as expense in the year in which the services are rendered.

Defined Benefit Plan

Gratuity

The Group makes annual contribution to a Gratuity Fund administered by trustees and managed by LIC. The Group accounts its liability for future gratuity benefits based on actuarial valuation, as at the Balance Sheet date, determined every year using the Projected Unit Credit method. Actuarial gains/losses are immediately recognised in Retained Earnings through Other Comprehensive Income in the period in which they occur. Re-measurements are not re-classified to profit or loss in subsequent periods. The defined benefit obligation recognised in the balance sheet represents the present value of the Defined Benefit Obligation less the Fair Value of Plan Assets out of which the obligations are expected to be settled.

Long Term Compensated Absences

The Group treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year-end. Actuarial gains/losses are immediately taken to the Statement of Profit and Loss and are not deferred. The Group presents the leave as a current liability in the balance sheet, to the extent it does not have an unconditional right to defer its settlement for 12 months after the reporting date.

Short Term Employee Benefits

Short Term Employee Benefits includes short term compensated absences which is recognized based on the eligible leave at credit on the Balance Sheet date, and the estimated cost is based on the terms of the employment contract.

(g) Foreign Currency Transactions and Translations

The Group's financial statements are presented in ₹ which is also the Group's functional currency.

Initial Recognition

Transactions in foreign currencies entered into by the Group are accounted at the exchange rates prevailing on the date of the transaction or at the average rates that closely approximate the rate at the date of the transaction.

Conversion

Foreign currency monetary items are retranslated using the exchange rate prevailing at the reporting date. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction.

Treatment of Exchange Differences

Exchange differences arising on the settlement of monetary items or on reporting Group's monetary items at rates different from those at which they were initially recorded during the year or reported in previous financial statements are recognised as income or as expense in the year in which they arise.

Translation of foreign subsidiaries:

For the purposes of presenting these consolidated financial statements, the assets and liabilities of the Group's foreign operations are translated into Indian rupees using the exchange rates prevailing at the end of the reporting period. Income and expense items are translated at the average exchange rates for the period, unless exchange rates fluctuate significantly during that period, in which case the exchange rates at the dates of the transactions are used. Exchange differences arising, if any, are recognised in other comprehensive income and accumulated in equity. On the disposal of a foreign operation, the exchange differences accumulated in equity in respect of that operation are reclassified to profit or loss.

SWELECT ENERGY SYSTEMS LIMITED

Notes to Consolidated financial statements for the year ended 31 March 2022

Forward exchange contracts entered into to hedge foreign currency risk of an existing Asset/Liability

Where Group enters into such transaction, The premium or discount arising at the inception of forward exchange contracts is amortised as expense or income over the life of the contract. Exchange differences on such contracts are recognised in the Statement of Profit and Loss in the year in which the exchange rates change. Any profit or loss arising on cancellation or renewal of forward exchange contract is recognised as income or as expense for the year.

(h) Earnings per share (EPS)

Basic earnings per share is computed by dividing the profit / loss after tax (including the post tax effect of extraordinary items, if any) by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / loss after tax (including the post tax effect of extraordinary items, if any) as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for share splits / reverse share splits and bonus shares, as appropriate.

(i) Property, Plant and Equipment and Other Intangible assets

Property, Plant and Equipment and Other Intangible assets are stated at original cost net of tax/duty credit availed, less accumulated depreciation/amortisation and impairment losses, if any. The cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

Other Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, Other Intangible assets are carried at cost less accumulated amortisation and accumulated impairment losses, if any.

Subsequent expenditure related to an item of Property, Plant and Equipment is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing Property, Plant & Equipment, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the Statement of Profit and Loss for the year during which such expenses are incurred.

When the use of a property changes from owner-occupied to investment property, the property is reclassified as investment property at its carrying amount on the date of classification. Gains and losses arising from derecognition of Property, Plant and Equipment and Other Intangible assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of the Profit and Loss when the asset is derecognised.

The Group identifies and determines cost of each component/part of the Property, Plant and Equipment separately, if the component/part has a cost which is significant to the total cost of the asset and has useful life that is materially different from that of the remaining asset.

Capital Work-in-Progress: Projects under which Property, Plant and Equipment is not ready for their intended use and capital work-in-progress are carried at cost, comprising direct cost and attributable interest. Once it has become available for use, their cost is re-classified to appropriate caption and subjected to depreciation.

(j) Depreciation and amortization

Depreciation is provided using the straight line method as per the useful lives of the Property, Plant and Equipment estimated by the Management as follows:

Building	30 years
Plant and Machinery (other than Windmills & Solar Plant)	15 years
Windmills (included under Plant and Machinery)	22 years
Solar Plant	25 years
Office Equipment	5 years
Electrical Equipment	10 years
Computers	3 years
Furniture and Fittings	10 years
Vehicles (Motor cars/Motor Vehicles)	8 years/ 10 years

SWELECT ENERGY SYSTEMS LIMITED

Notes to Consolidated financial statements for the year ended 31 March 2022

(k) Useful lives/depreciation rates

Considering the applicability of Schedule II, the Management has estimated the useful lives and residual values of all its Property, Plant & Equipment. The Management believes that the depreciation rates currently used fairly reflect its estimate of the useful life and residual values of Property, Plant & Equipment, though these rates in certain cases are different from the lives prescribed under Schedule II.

The Management has estimated, supported by independent assessment by professionals, the useful lives of the following classes of Property, Plant & Equipment.

The useful life of certain Solar Plant and Machinery and Intangible assets recognised under Service Concession Agreement is 25 years, respectively. These lives are higher than those indicated in Schedule II.

Other Intangible assets are amortised using the straight-line method over a period of three years or five years as applicable.

(l) Impairment of Property, Plant and Equipment and Other Intangible assets

The carrying amounts of Property, Plant and Machinery is reviewed at each balance sheet date if there is any indication of impairment based on internal / external factors. An impairment loss is recognised wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the assets net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset. After impairment, depreciation is provided on the revised carrying amount of the assets over its remaining useful life.

(m) Investment Properties

Investment Property represents Property (Land or a Building or part of a Building or both) held (by the owner or by the lessee under a finance lease) to earn rentals or for capital appreciation or both.

Investment Property is measured initially at cost, including transaction costs. Subsequent to initial recognition, Investment Property is stated at cost less accumulated depreciation and accumulated impairment loss, if any.

The cost includes the cost of replacing parts if the recognition criteria are met. When significant parts of the Investment Property are required to be replaced at intervals, the Group depreciates them separately based on their specific useful lives. All other repair and maintenance costs are recognised in Statement of Profit and Loss as incurred.

Depreciation on Building classified as Investment Property has been provided on the straight-line method based on the useful life as prescribed in Schedule II to the Companies Act, 2013. These are based on the Group's estimate of their useful lives taking into consideration technical factors.

Though the Group measures Investment Property using cost basis measurement, the fair value of Investment Property is disclosed in Note 4. Fair values are determined on an annual evaluation performed by applying a valuation model.

Investment Property is derecognised when either they have been disposed off or when the Investment Property is permanently withdrawn from use and no future economic benefit is expected from its disposal. When the use of a property changes from investment property to owner-occupied, the property is reclassified as property, plant and equipment at its carrying amount on the date of classification.

The difference between the net disposal proceeds and the carrying amount of the Investment Property is recognised in the Statement of Profit and Loss in the period of derecognition.

(n) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of Property, Plant and Equipment that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of Property, Plant and Equipment. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consists of interest and other costs that an entity incurs in connection with the borrowing of funds.

(o) Leases

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

For arrangements entered into prior to April 1, 2015, the Group has determined whether the arrangement contain lease on the basis of facts and circumstances existing on the date of transition.

SWELECT ENERGY SYSTEMS LIMITED

Notes to Consolidated financial statements for the year ended 31 March 2022

Leases where, the lessor effectively retains substantially all the risks and benefits of ownership of the leased term, are classified as operating leases. Operating lease payments are recognised as an expense in the Statement of Profit and Loss on a straight-line basis over the lease term.

Leases in which the Group does not transfer substantially all the risks and benefits of ownership of the asset are classified as operating leases. Assets subject to operating leases are included in Property, Plant and Equipment. Lease income on an operating lease is recognised in the Statement of Profit and Loss on a straight-line basis over the lease term. Costs, including depreciation, are recognised as an expense in the Statement of Profit and Loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognised immediately in the Statement of Profit and Loss.

(p) Provisions and Contingencies

A provision is recognised when an enterprise has a present obligation as a result of past event; it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non- occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Group does not recognise a contingent liability but discloses its existence in the financial statements.

(q) Provision for Warranties

The estimated liability for product warranties is recorded when products are sold. These estimates are established using historical information on the nature, frequency and average cost of warranty claims and Management estimates regarding possible future incidence based on corrective actions on product failures. The timing of outflows will vary as and when warranty claims will arise, being typically up to twenty five years.

The estimates used for accounting of warranty liability/recoveries are reviewed periodically and revisions are made as required.

(r) Financial instruments

Financial Assets:

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Financial assets are classified, at initial recognition, as financial assets measured at fair value or as financial assets measured at amortised cost.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in two broad categories:

- Financial assets at fair value
- Financial assets at amortised cost

Where assets are measured at fair value, gains and losses are either recognised entirely in the Statement of Profit and Loss (i.e. fair value through profit or loss), or recognised in Other Comprehensive Income (i.e. fair value through Other Comprehensive Income).

A financial asset that meets the following two conditions is measured at amortised cost (net of any write down for impairment) unless the asset is designated at fair value through profit or loss under the fair value option.

- **Business model test:** The objective of the Group's business model is to hold the financial asset to collect the contractual cash flows (rather than to sell the instrument prior to its contractual maturity to realise its fair value changes).
- **Cash flow characteristics test:** The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A financial asset that meets the following two conditions is measured at fair value through other comprehensive income unless the asset is designated at fair value through profit or loss under the fair value option.

SWELECT ENERGY SYSTEMS LIMITED

Notes to Consolidated financial statements for the year ended 31 March 2022

- **Business model test:** The financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets.
- **Cash flow characteristics test:** The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Even if an instrument meets the two requirements to be measured at amortised cost or fair value through other comprehensive income, a financial asset is measured at fair value through profit or loss if doing so eliminates or significantly reduces a measurement or recognition inconsistency (sometimes referred to as an 'accounting mismatch') that would otherwise arise from measuring assets or liabilities or recognising the gains and losses on them on different bases.

All other financial asset is measured at fair value through profit or loss.

All equity investments are measured at fair value in the balance sheet, with value changes recognised in the Statement of Profit and Loss, except for those equity investments for which the entity has elected to present value changes in 'Other Comprehensive Income'.

If an equity investment is not held for trading, an irrevocable election is made at initial recognition to measure it at fair value through other comprehensive income with only dividend income recognised in the Statement of Profit and Loss.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Group's statement of financial position) when:

- The rights to receive cash flows from the asset have expired, or
- The Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement and either;
 - (a) The Group has transferred substantially all the risks and rewards of the asset, or
 - (b) The Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Group continues to recognise the transferred asset to the extent of the Group's continuing involvement. In that case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Group could be required to repay.

Impairment of financial assets

The Group assesses impairment based on expected credit losses (ECL) model to the following:

- Financial assets measured at amortised cost;
- Financial assets measured at fair value through other comprehensive income (FVTOCI);

Expected credit losses are measured through a loss allowance at an amount equal to:

- the 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument).

The Group follows 'simplified approach' for recognition of impairment loss allowance on:

- Trade receivables or contract revenue receivables; and
- All lease receivables

Under the simplified approach, the Group does not track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

The Group uses a provision matrix to determine impairment loss allowance on the portfolio of trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivable and is adjusted for

SWELECT ENERGY SYSTEMS LIMITED

Notes to Consolidated financial statements for the year ended 31 March 2022

forward looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

For recognition of impairment loss on other financial assets and risk exposure, the Group determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-months ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the Group reverts to recognising impairment loss allowance based on 12-months ECL.

For assessing increase in credit risk and impairment loss, the Group combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

Financial Liabilities:

Initial recognition and measurement

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Group's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

- Financial liabilities at fair value through profit or loss
- Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss.
- Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term.
- Gains or losses on liabilities held for trading are recognised in the Statement of Profit and Loss.
- Financial liabilities designated upon initial recognition at fair value through profit or loss are designated at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method.

Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Statement of Profit and Loss.

Financial guarantee contracts

Financial guarantee contracts issued by the Group are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortisation.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

SWELECT ENERGY SYSTEMS LIMITED

Notes to Consolidated financial statements for the year ended 31 March 2022

Offsetting of financial instruments:

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet, if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

(s) Fair value measurement

The Group measures specific financial instruments of certain investments at fair value at each Balance Sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 – Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above. This note summarises the accounting policy for fair value. Other fair value related disclosures are given in relevant notes.

(t) Cash and cash equivalents

Cash and cash equivalent in the Balance Sheet comprise cash at Banks and on hand including cheques on hand and short-term investments with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

(u) Cash dividend

The Group recognises a liability when the distribution is authorised and the distribution is no longer at the discretion of the Group. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

Dividends paid/payable are recognised in the year in which the related dividends are approved by the Shareholders or Board of Directors as appropriate.

(v) Cash flow statement

Cash flows are presented using indirect method, whereby Profit/Loss after tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flow from operating, investing and financing activities of the Group is segregated based on the available information.

SWELECT ENERGY SYSTEMS LIMITED

Notes to Consolidated financial statements for the year ended 31 March 2022

(w) Business combinations

Business combinations involving entities under the common control are accounted for using the pooling of interest method. The assets and liabilities of the combining entities are reflected at their carrying amounts. No adjustments are made to reflect fair values, or recognise any new assets or liabilities. The only adjustments that are made are to harmonise accounting policies.

The identity of the reserves shall be preserved and shall appear in the financial statements of the transferee in the same form in which they appeared in the financial statements of the transferor. Any consideration in excess of the net worth of the acquire Group is adjusted against the reserves of the acquiring Group.

(x) Exceptional item

Certain occasions, the size, type or incidence of an item of income or expense, pertaining to the ordinary activities of the Group is such that its disclosure improves the understanding of the performance of the Group, such income or expense is classified as an exceptional item and accordingly, disclosed in the notes accompanying the financial statements.

(y) Segment Reporting

Operating segments reflect the Group's Management structure and the way the financial information is regularly reviewed by the Group's Chief Executive Officer (CEO). The CEO considers the business from both business and product perspective based on the dominant source, nature of risks and returns and the internal organisation and Management structure. The operating segments are the segments for which separate financial information is available and for which operating profit / loss amounts are evaluated regularly by the executive Management in deciding how to allocate resources and in assessing performance.

The accounting policies adopted for segment reporting are in line with the accounting policies of the Group. Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segments on the basis of their relationship to the operating activities of the segment.

Revenue, expenses, assets and liabilities which relate to the Group as a whole and are not allocable to segments on reasonable basis have been included under unallocated revenue / expenses / assets / liabilities.

(All amounts are in ₹ Lakhs, unless otherwise stated)

3(a) Leases

The group has a lease for machinery and building.

(a) Right of Use Asset "ROU":

The following are the changes in the carrying value of right of use assets for the year ended 31 March 2022

Particulars	Building	Machinery	Total
Balance as at 1 April 2020	6.67	468.06	474.73
Additions	257.00		257.00
Depreciation*	85.19	163.28	248.47
As at 31 March, 2021	178.48	304.78	483.26
Additions	-	-	-
Deletions	-	-	-
Depreciation*	85.67	163.28	248.95
As at 31 March, 2022	92.81	141.50	234.31

* The aggregate depreciation expense on ROU assets is included under depreciation and amortization expense in the statement of Profit and Loss.

(b) Lease Liabilities:

The following is the movement in lease liabilities during the year ended 31 March 2022

Particulars	Building	Machinery	Total
Balance as at 1 April 2020	7.87	455.84	463.71
Additions	257.00	-	257.00
Finance Cost accrued during the year	18.63	34.96	53.59
Payment of Lease liabilities	97.83	184.32	282.15
As at 31 March, 2021	185.67	306.49	492.16
Additions	-	-	-
Finance Cost accrued during the year	13.27	20.95	34.22
Payment of Lease liabilities	98.07	184.32	282.39
As at 31 March, 2022	100.87	143.12	243.99

The following is the break-up of current and non-current lease liabilities as at 31 March 2022

Particulars	As at 31 March 2022	As at 31 March 2021
Current lease liabilities	235.88	256.28
Non Current lease liabilities	8.11	235.88

(c) Amounts recognized in profit and loss were as follows:

Particulars	As at 31 March 2022	As at 31 March 2021
Depreciation Expenditure	248.95	248.47
Finance cost on Lease liabilities	34.22	53.59

(d) The table below provides details regarding the contractual maturities of lease liabilities as at 31 March 2022 on an undiscounted basis:

Particulars	As at 31 March 2022	As at 31 March 2021
Not later than 1 year	282.39	282.39
Later than 1 year and not later than 5 years	8.17	290.56
Later than 5 years	-	-

Note: The company does not face a significant liquidity risk with regards to its lease liabilities as the current assets are sufficient to meet the obligations related to lease liabilities as and when they fall due.

Measurement of fair values:

Description of valuation techniques used and key inputs for valuation of Investment Property:

As at 31 March 2022 and 31 March 2021, the fair value of the Property is ₹ 28,827.87 lakhs and ₹ 18,942.30 lakhs respectively. The valuation is based on fair value assessment done. A valuation model in accordance with the one recommended by the International Valuation Standards Committee has been applied. The fair value is not based on the valuation by an independent valuer.

The Company has no restrictions on the realisability of its Investment Property and has no contractual obligations to purchase, construct or develop Investment Property or has any plans for major repairs, maintenance and enhancements. Fair Value Hierarchy disclosures for Investment Property have been provided in Note 36.

This method involves the projection of a series of cash flows on a real property interest. To this projected cash flow series, a market-derived discount rate is applied to establish the present value of the income stream associated with the asset. The exit yield is normally separately determined and differs from the discount rate.

Under the Discounted cash flow method, fair value is estimated using assumptions regarding the fair market value of the Property.

In this regard, the key assumptions used for fair value calculations are as follows :-

- It is presumed that the vacancy durations of the Property will have no material impact on the cash flow projections, as they are immaterial.
- Existing rental escalation terms will continue to exist in the future without any modification.
- It is presumed that no brokerage, commission costs will be incurred on the let out of Property.

SWELECT ENERGY SYSTEMS LIMITED

Notes to Consolidated financial statements for the year ended 31 March 2022

(All amounts are in ₹ Lakhs, unless otherwise stated)

The weighted average cost of capital (WACC) is the rate that the Group is expected to pay on average to all its security holders to finance its assets. The weighted average cost of capital is calculated by Capital Asset Pricing Model (CAPM). This model takes into account the asset's sensitivity to non-diversifiable risk (also known as systematic risk or market risk), represented by the quantity beta (β) in the financial industry, as well as the expected return of the market and the expected return of a theoretical risk-free asset.

The duration of the cash flows and the specific timing of inflows and outflows are determined by events such as rent reviews, lease renewal and related re-letting, redevelopment or refurbishment. The appropriate duration is typically driven by market behaviour that is characteristic of the class of real Property. Periodic cash flow is typically estimated as gross income, non-recoverable expenses, collection losses, lease incentives, maintenance cost, and other operating and management expenses. The series of periodic net operating income, along with an estimate of the terminal value anticipated at the end of the projection period, is then discounted.

Significant increase (decrease) in estimated rental value and rent growth per annum in isolation would result in a significantly higher (lower) fair value of the Property. Significant increase (decrease) in long-term vacancy rate and discount rate (and exit yield) in isolation would result in a significantly lower (higher) fair value.

Generally, a change in the assumption made for the estimated rental value is accompanied by :

- A directionally similar change in the rent growth per annum and discount rate (and exit yield).
- An opposite change in the long term vacancy rate.

Reconciliation of fair value:

SWELECT ENERGY SYSTEMS LIMITED

Notes to Consolidated financial statements for the year ended 31 March 2022

(All amounts are in ₹ Lakhs, unless otherwise stated)

Notes:

- The Group (Operator) has entered into the following Power Purchase Agreements (PPA) with counter parties (Grantor). The Group has assessed the same as an arrangement which needs to be accounted under the principles of Appendix C of Ind-AS 115 as the following conditions are met: The Grantor controls or regulates which services the Operator must provide to the Infrastructure (Solar Power Plant), to whom it must provide and at what price and the controls, the Grantor will exercise through ownership, beneficial entitlement or other significant residual interest in the Infrastructure at the end of the term of the arrangement. Infrastructure within the scope of Appendix C of Ind-AS 115 is not recognised as Property, Plant and Equipment of the Operator because the contractual service arrangement does not convey the right to control the use of the Infrastructure to the Operator.

Consideration for the construction services received or receivable by the Operator is recognised at its fair value. The consideration may be rights to:

- a financial asset, or
- an Intangible asset.

The Group recognises a financial asset to the extent that it has an unconditional contractual right to receive cash or another financial asset from the Grantor for the construction services; the Grantor has little, if any, discretion to avoid payment, usually because the agreement is enforceable by law, even if payment is contingent on the operator ensuring that the Infrastructure meets specified quality or efficiency requirements. The tenure of the PPA represents the significant useful life of the Infrastructure. Consequently, the Group has an intangible right to receive cash through the tenure of the PPA and the same has been recognised as an Other Intangible asset. The Other Intangible asset is amortised over the agreement period.

- Other Intangible asset with a carrying amount of Nil (As at 31 March 2021: ₹ 756.6 lakhs) has been pledged to secure borrowings of the Company (Refer Note 16).
- Other Intangible asset with a carrying amount of ₹ 4,362.82 lakhs (As at 31 March 2021: ₹ 4,601.88 lakhs) has been pledged in favour of the Grantor against the grant received and receivable from the Grantor.

a. Terms/rights attached to equity shares

The Company has only one class of equity shares having a par value of ₹ 10/- per share. Each holder of equity shares is entitled to one vote per share. The Company declares and pays dividend in Indian Rupees. The dividend proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing Annual General Meeting.

In the event of the liquidation of the Company, the holder of equity share will be entitled to receive the remaining assets of the Company, after distribution of all preferential amounts. The distribution will be proportionate to the number of equity shares held by the shareholders.

b. Details of Shareholders holding more than 5% shares in the Company

Notes to Consolidated financial statements for the year ended 31 March 2022

(All amounts are in ₹ Lakhs, unless otherwise stated)

17(B) (a) Deferred tax liabilities (net)

Particulars	As at 31 March 2022	As at 31 March 2021
Deferred tax liabilities		
Impact on difference between tax, depreciation and amortisation charged for the financial reporting	(1,966.42)	(3,111.89)
Gross deferred tax liabilities	(1,966.42)	(3,111.89)
Deferred tax assets		
Carry forward business loss and unabsorbed depreciation	1,875.53	2,773.43
Gross deferred tax assets	1,875.53	2,773.43
Total Deferred tax liabilities (net) *	(90.89)	(338.46)

(b) Income Tax

The major components of income tax expense for the years ended 31 March 2022 and 31 March 2021 are:

Consolidated Ind AS Statement of Profit or Loss:

Particulars	For the year ended 31 March 2021	For the year ended 31 March 2021
Current income tax:		
Current income tax charge	239.33	198.96
MAT credit (entitlement) / availed	155.12	(66.54)
Deferred tax:		
Relating to origination and reversal of temporary differences	(85.14)	14.97
Total	309.31	147.39

*As at 31 March 2022, the Group has total eligible deferred tax asset of ₹ 1875.53 Lakhs (including on account of business loss, unabsorbed depreciation and MAT Credit entitlement) as per Income Tax Returns filed/Income Tax workings. In this regard, based on estimated tax workings and the accounting policy followed by the Company for recognition of deferred tax assets on such losses/unabsorbed depreciation, the Company has recognised deferred tax asset to the extent of ₹ 1875.53 Lakhs towards carried forward tax losses and unabsorbed depreciation to the extent of deferred tax liabilities.

Reconciliation of tax expense and the accounting profit multiplied by India's domestic tax rate is different for multiple entities as some have adopted for the new regime and some have continued in the earlier regime.

Particulars	For the year ended 31 March 2022	For the year ended 31 March 2021
India	24,255.98	19,090.17
Outside India	7,427.56	6,163.44
Total	31,683.54	25,253.61

21.2 Trade Receivables and Contract Balances

The Group classifies the right to consideration in exchange for deliverables as receivable. A receivable is a right to consideration that is unconditional upon passage of time. Revenue is recognised as and when the related goods are delivered to the customer. Trade receivables are presented net of impairment in the Balance Sheet. Contract liabilities include payments received in advance of performance under the contract, and are realised with the associated revenue recognised under the contract.

21.3 Performance Obligations and remaining performance obligations

The remaining performance obligations disclosure provides the aggregate amount of the transaction price yet to be recognised as at the end of the reporting period and an explanation as to when the Company expects to recognise these amounts in revenue. Applying the practical expedient as given in Ind AS-115, the Company has not disclosed information about remaining performance obligations in contracts, where the original contract duration is one year or less or where the entity has the right to consideration that corresponds directly with the value of entity's performance completed to date.

22 Other income

Particulars	For the year ended 31 March 2022	For the year ended 31 March 2021

Particulars	For the year ended 31 March 2022	For the year ended 31 March 2021
Audit fee	38.89	36.43
Limited review	10.82	10.62
Tax Audit Fee	2.95	4.45
Certification	6.81	8.25
Reimbursement of expenses	0.64	1.92
	60.11	61.67

29 Earnings price per share (EPS)

The following reflects the profit and share data used in the basic and diluted EPS computations:

Particulars	For the year ended 31 March 2022	For the year ended 31 March 2021
Profit attributable to equity shareholders of the Group (A)	3,241.74	2,603.59
Weighted average number of Equity shares for basic and diluted EPS (B)	1,51,58,760	1,51,58,760
Basic Earnings per share (A/B)	21.39	17.18
Diluted Earnings per share (A/B)	21.39	17.18

* The weighted average number of shares takes into account the weighted average effect of changes in equity share transactions during the year. There have been no other transactions involving Equity shares or potential Equity shares between the reporting date and the date of authorisation of these financial statements.

30A Defined Contribution Plan

Contributions to defined contribution plans are recognised as expense when employees have rendered services entitling them to such benefits. The Group provides benefits such as provident fund plans to its employees which are treated as defined contribution plans.

Particulars	For the year ended 31 March 2022	For the year ended 31 March 2021
Employer's Contribution to Provident Fund and other funds	141.60	120.63

30B Defined Benefits Plan

The Group has a defined benefit gratuity plan. Every employee who has completed five years or more of service gets a gratuity on departure at 15 days salary (last drawn salary) for each completed year of service. The Scheme is funded with an Insurance Company in the form of a qualifying insurance policy.

Reconciliation of opening and closing balances of obligation

	Gratuity Plan (funded)	
	As at 31 March 2022	As at 31 March 2021
Defined Benefit obligation as at the beginning of the year	275.13	230.21
Current Service Cost	45.57	41.24
Interest Cost	21.93	20.04
Actuarial loss	(24.82)	(8.31)
Benefits paid	(23.19)	(8.05)
Defined Benefit obligation as at the end of the year	294.62	275.13

Reconciliation of opening and closing balances of fair value of plan assets

	As at 31 March 2022	As at 31 March 2021
Fair value of plan assets as at the beginning of the year	168.17	122.26
Expected return on plan assets	17.09	14.97
Actuarial gain / loss	10.63	5.66
Employer's contribution	52.52	42.40
Benefits paid	(23.19)	(17.12)
Fair value of plan assets as at the end of the year	225.22	168.17

Reconciliation of fair value of assets and obligations

	As at 31 March 2022	As at 31 March 2021
Fair value of plan assets	225.22	168.17
Present value of obligation	294.62	275.13
Net Obligation disclosed as:		
- Current	-	-
- Non - Current	82.46	92.40
	For the year ended 31 March 2022	For the year ended 31 March 2021
Recognised in profit or loss:		
Current Service Cost	45.57	41.24
Interest Cost	4.84	5.07
Recognised in other comprehensive income:		
Actuarial loss / (gain)	(35.47)	(12.35)
Net Cost	14.94	33.96

31 The major categories of plan assets of the fair value of the total plan assets are as follows:

Particulars	Gratuity plan	
	As at 31 March 2022	As at 31 March 2021
Investments details:		
Fund with LIC	225.22	168.17
Total	225.22	168.17

The principal assumptions used in determining gratuity for the Group's plans are shown below:

Particulars	2021-22	2020-21
Discount rate:	6.90%	6.45%
Future salary increases:	6.25%	6.25%
Expected Return on Plan Assets	10.16%	7.96%
Employee turnover	8.00%	8.00%
Contribution Expected to be paid during the next year	30.00	0.00

32 A quantitative sensitivity analysis for significant assumptions as at 31 March 2022 is as shown below:

Assumptions - Sensitivity Level	For the year ended 31 March 2022			
	Sensitivity Level		Impact on defined benefit obligations	
	1% increase	1% decrease	Amount	Amount
Discount rate:	7.90%	5.90%	352.69	410.61
Future salary increases:	7.25%	5.25%	410.36	352.42

Assumptions - Sensitivity Level	For the year ended 31 March 2021			
	Sensitivity Level		Impact on defined benefit obligations	
	1% increase	1% decrease	Amount	Amount
Discount rate:	7.45%	5.45%	329.86	385.83
Future salary increases:	7.25%	5.25%	385.43	329.71

The sensitivity analyses above have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting period.

The average duration of the defined benefit plan obligation at the end of the reporting period is 7.77 years (31 March 2021: 8.14 years).

Swelect Electronics Private Limited	-	0.59

Remuneration and other benefits pertain to short term employee benefits as the gratuity and compensated absences are determined for all the employees in aggregate, the cost employment benefits and other long term benefits relating to Key management personnel cannot be ascertained individually.

The remuneration payable to Key Managerial Personnel is determined by the Nomination and Remuneration Committee having regard to the performance to the individuals and market trends.

34 Goodwill / Capital reserve on consolidation

1 Goodwill on consolidation

Goodwill on consolidation represents the excess purchase consideration paid over net asset value of acquired subsidiaries on the date of such acquisition. Such Goodwill is tested for impairment annually or more frequently, if there are indicators for impairment. The Management does not foresee any risk of impairment on the carrying value of Goodwill as at 31 March 2022.

Goodwill on consolidation as at 31 March 2022 stood at ₹ 789.74 lakhs (previous year 31 March 2021 : ₹ 789.74 lakhs). Significant acquisitions over the years which resulted in Goodwill were Amex Alloys Private Limited, Noel Media & Advertising Private Limited, K J Solar Systems Private Limited and Swelect Green Energy Solutions Private Limited and the details of the same are given below:

- The Group acquired 100% equity share stake in Amex Alloys Private Limited for a consideration of ₹ 995.00 lakhs on 14 November 2011. The excess purchase consideration paid over the net asset taken over to the extent of ₹ 455.04 lakhs was recognised as Goodwill.
- The Group's wholly owned subsidiary Swelect Solar Energy Private Limited acquired 76% equity share stake in BS Powertech Solutions Private Limited for a consideration of ₹ 150.00 lakhs on 25 January 2012. The excess purchase consideration paid over the net asset taken over to the extent of ₹ 150.02 lakhs was recognised as Goodwill. The balance 24% equity share stake was acquired on 11 December 2013 for a consideration of ₹ 157.89 lakhs. Consequently, BS Powertech Solutions Private Limited became a 100% subsidiary of the Group. The excess purchase consideration paid over the net assets taken over to the extent of ₹ 167.07 lakhs is recognised as Goodwill. The Group acquired 100% share of Noel Media & Advertising Private Limited on 2 April 2015 for a consideration of ₹ 2.11 lakhs and the excess purchase consideration paid over the net assets taken over to the extent of ₹ 1.71 lakhs is recognised as Goodwill. In the year 2016, the Group had entered into a Scheme of Amalgamation between Noel Media & Advertising Private Limited, a step down subsidiary of the Group and its step down subsidiary BS Powertech Solutions Private Limited. This was approved by Hon'ble High Court of Madras vide its order dated 8 January 2016, with retrospective effect from 1 April 2012.
- The Group acquired 100% equity share stake in Swelect Green Energy Solutions Private Limited for a consideration of ₹ 70.00 lakhs on 11 November 2013. The excess purchase consideration paid over the net assets taken over to the extent of ₹ 0.56 lakhs is recognised as Goodwill.
- The Group's wholly owned subsidiary Swelect Solar Energy Private Limited acquired 100% equity share stake in K J Solar Systems Private Limited for a consideration of ₹ 25 lakhs on 18 February 2016. The excess purchase consideration paid over the net asset taken over to the extent of ₹ 15 lakhs was recognised as Goodwill.
- The Group acquired 100% equity share stake in Swelect Power Systems Private Limited for a consideration of ₹ 1 lakh on 11 April 2016. The excess purchase consideration paid over the net asset taken over to the extent of ₹ 0.34 lakhs was recognised as goodwill.

SWELECT ENERGY SYSTEMS LIMITED

Notes to Consolidated financial statements for the year ended 31 March 2022

(All amounts are in ₹ Lakhs, unless otherwise stated)

For the purpose of impairment testing, Goodwill acquired in a business combination is allocated to the cash generating units (CGU) or group of CGU's, which benefit from the synergies of the acquisition. The chief operating decision maker reviews the Goodwill for any impairment at the individual subsidiary level.

The recoverable amount of a CGU is the higher of its fair value less cost to sell and its value-in-use. The fair value of a CGU is determined based on the market capitalisation. The value-in-use is determined based on specific calculations. These calculations use pre-tax cash flow projections for a CGU / groups of CGU's over a period of five years. An average of the range of each assumption used is mentioned below. As of 31 March 2022 and 31 March 2021, the estimated recoverable amount of the CGU exceeded its carrying amount. The recoverable amount was computed based on the fair value less cost to sell being higher than value-in-use. The carrying amount of the CGU was computed by allocating the net assets to operating segments for the purpose of impairment testing.

2 Capital reserve on consolidation

Capital reserve on consolidation represents excess net asset value of acquired subsidiary over the consideration paid on the date of such acquisition. Capital reserve on consolidation as at 31 March 2022 stood at ₹ 151.46 lakhs (31 March 2021 : ₹ 151.46 lakhs). The details of which is provided below:

- a. The Group acquired 92% equity share stake in Amex Alloys Private Limited for a consideration of ₹ 421.71 lakhs on 05 December 2010. The excess net asset value over the purchase consideration to the extent of ₹ 165.49 lakhs was recognised as capital reserve. The balance 8% equity share stake was acquired on 08 July 2013 for a consideration of ₹ 119.47 lakhs. Consequently, Amex Alloys Private Limited became a 100% subsidiary of the Group. The excess purchase consideration paid over the net assets taken over to the extent of ₹ 14.03 lakhs is adjusted with the capital reserve.

35 Contingent liabilities and Commitments:

(a) Contingencies

The details of claims against the company not acknowledged as debts are given below:

Particulars	As at 31 March 2022	As at 31 March 2021
a) Sales tax related matters **	40.87	40.87
b) Income tax related matters #	2,841.63	2,980.53
c) Excise related matters ##	671.94	671.94
Total	3,554.44	3,693.34

** ₹ 11.57 lakhs deposited under dispute in the earlier years

₹ 150.60 lakhs deposited under dispute in the earlier years

₹ 65.68 lakhs deposited under dispute in the earlier years

Future cash outflows in respect of matters considered disputed are determinable only on receipt of judgments / decisions pending at various forums/authorities. The Management does not expect these claims to succeed and accordingly, no provision for the contingent liability has been recognised in the financial statements.

The Group's pending litigations comprise of proceedings pending with tax authorities. The Group has reviewed all the proceedings and has adequately provided for where provisions are required and disclosed contingent liabilities where applicable, in its financial statements. The Group does not expect the outcome of these proceedings to have a material adverse effect on the financial statements.

Management Assessment:

The amount shown under Contingent Liabilities and disputed claims represent the best possible estimates arrived at on the basis of available information. Further, various Government authorities raise issues/clarifications in the normal course of business and the Group has provided its responses to the same and no formal demands/claims has been made by the authorities in respect of the same other than those pending before various judicial/regulatory forums as disclosed above. The uncertainties and possible reimbursement in respect of the above are dependent on the outcome of the various legal proceedings which have been initiated by the Group or the Claimants, as the case may be and, therefore, cannot be predicted accurately. The Group expects a favourable decision with respect to the above disputed demands/claims based on professional advice and hence, no specific provision for the same has been made.

SWELECT ENERGY SYSTEMS LIMITED

Notes to Consolidated financial statements for the year ended 31 March 2022

(All amounts are in ₹ Lakhs, unless otherwise stated)

(b) Commitments:

- (i) The estimated amount of contracts remaining to be executed on capital account and not provided for is ₹ 12.01 lakhs
(31 March 2021: ₹ 65.94 lakhs)

36 Financial Instruments

Accounting classifications and fair values

The following table shows the carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy.

Financial instruments by category

	As at 31 March 2022			As at 31 March 2021		
	FVTPL	Amortised Cost	Total	FVTPL	Amortised Cost	Total
Financial assets						
Investment in equity instruments	30.35	-	30.35	30.35	-	30.35

Lease liability	-	243.99	243.99	-	492.16	492.16
Total financial liabilities	-	59,560.81	59,560.81	-	42,243.26	42,243.26

Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Group has classified its financial instruments into the three levels prescribed under the accounting standard.

(a) Financial assets and liabilities valued at fair value

	As at 31 March 2022			As at 31 March 2021		
	Level 1	Level 2	Level 3	Level 1	Level 2	Level 3
Financial Assets						
Investment in equity instruments	-	-	30.35	-	-	30.35
Other Investments	28,570.72	-	-	27,171.74	-	-
Investment Property	-	-	31,410.56	-	-	18,942.30
	28,570.72	-	31,440.91	27,171.74	-	18,972.65

SWELECT ENERGY SYSTEMS LIMITED

Notes to Consolidated financial statements for the year ended 31 March 2022

(All amounts are in ₹ Lakhs, unless otherwise stated)

(b) Financial assets and liabilities measured at amortised cost

The Group has not disclosed fair values of financial instruments such as trade receivables and related cash and cash equivalents, other bank balances, Security deposits, Loans and advances to related parties, Lease rental receivables, Interest accrued on Fixed deposits, certain advances to employees, trade payables and employee benefit payables (that are short term in nature), because their carrying amounts are reasonable approximations of their fair values.

(c) Offsetting

The Group has not offset any financial assets and financial liabilities as at 31 March 2022 and 31 March 2021.

36A Significant accounting judgements, estimates and assumptions

The preparation of the Group's financial statements requires Management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets, liabilities, accompanying disclosures, and disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities effected in future periods.

Judgements

In the process of applying the Group's accounting policies, Management has made the following judgements, which have the most significant effect on the amounts recognised in the consolidated Ind AS financial statements:

Service concession arrangements

The Group has assessed applicability of Appendix C of Ind AS 115: Service Concession Arrangements to power distribution arrangements entered into by the Group. In assessing the applicability, Management has exercised significant judgment in relation to the underlying ownership of the assets, terms of the power distribution arrangements entered with the grantor, ability to determine prices, value of construction service, assessment of right to guaranteed cash etc.

Operating lease commitments – Group as lessor

The Group has entered into commercial property leases on its investment property portfolio. The Group has determined, based on an evaluation of the terms and conditions of the arrangements, such as the lease term not constituting a major part of the economic life of the commercial property and the fair value of the asset, that it retains all the significant risks and rewards of ownership of these properties and accounts for the contracts as operating leases.

Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Group based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

Taxes

Significant management judgement is required to determine the amount of deferred tax assets (including MAT credit) that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

Allowance for uncollectible trade receivables

Trade receivables do not carry interest and are stated at their nominal values as reduced by appropriate allowances for estimated irrecoverable amounts. Estimated irrecoverable amounts are based on the aging of the receivable balances and historical experiences. Individual trade receivables are written off when Management deems them not collectible. The Group has evaluated the receivable balances and has made allowances for the estimated irrecoverable amounts and no further allowance/write-off is expected on the receivables by the Group.

Warranties

Provision for warranties involves a significant amount of estimation. The provision is based on the best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The best estimate is determined based on the Group's past experience of warranty claims and future expectations. These estimates are revised periodically.

SWELECT ENERGY SYSTEMS LIMITED

Notes to Consolidated financial statements for the year ended 31 March 2022

(All amounts are in ₹ Lakhs, unless otherwise stated)

Impairment of financial assets

The impairment provisions for financial assets are based on assumptions about risk of default and expected loss rates. The Group uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Group's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

Impairment of non-financial assets

The Group assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or CGU's fair value less costs of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded subsidiaries or other available fair value indicators.

Defined benefit plans

The cost of the defined benefit gratuity plan and other post-employment leave encashment benefit and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

Further details about defined benefit obligations are given in Note 31.

36B Recent Accounting Pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 23, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, applicable from April 1, 2022, as below:

Ind AS 103 – Reference to Conceptual Framework

The amendments specify that to qualify for recognition as part of applying the acquisition method, the identifiable assets acquired and liabilities assumed must meet the definitions of assets and liabilities in the Conceptual Framework for Financial Reporting under Indian Accounting Standards (Conceptual Framework) issued by the Institute of Chartered Accountants of India at the acquisition date. These changes do not significantly change the requirements of Ind AS 103. The Group does not expect the amendment to have any significant impact in its financial statements.

Ind AS 16 – Proceeds before intended use

The amendments mainly prohibit an entity from deducting from the cost of property, plant and equipment amounts received from selling items produced while the group is preparing the asset for its intended use. Instead, an entity will recognise such sales proceeds and related cost in profit or loss. The Group does not expect the amendments to have any impact in its recognition of its property, plant and equipment in its financial statements.

Ind AS 37 – Onerous Contracts - Costs of Fulfilling a Contract

The amendments specify that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts. The amendment is essentially a clarification and the Group does not expect the amendment to have any significant impact in its financial statements.

Ind AS 109 – Improvements

The amendment clarifies which fees an entity includes when it applies the '10 percent' test of Ind AS 109 in assessing whether to derecognise a financial liability. The Group does not expect the amendment to have any major impact in its financial statements.

SWELECT ENERGY SYSTEMS LIMITED

Notes to Consolidated financial statements for the year ended 31 March 2022

(All amounts are in ₹ Lakhs, unless otherwise stated)

Ind AS 116 – Annual Improvements to Ind AS (2021)

The amendments remove the illustration of the reimbursement of leasehold improvements by the lessor in order to resolve any potential confusion regarding the treatment of lease incentives that might arise because of how lease incentives were described in that illustration. The Group does not expect the amendment to have any significant impact in its financial statements.

37 Additional disclosure requirement under Section 129 of the Companies Act, 2013.

39 Segment Information

For Management purposes, the Group is organised into business units based on its products and services and has three reportable segments, as follows:

- Solar and Solar Related Activities
- Foundry Business
- Others

SWELECT ENERGY SYSTEMS LIMITED

Notes to Consolidated financial statements for the year ended 31 March 2022

(All amounts are in ₹ Lakhs, unless otherwise stated)

The Executive Management Committee monitors the operating results of its business units separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on profit or loss and is measured consistently with profit or loss in the consolidated financial statements. Also, the Group's financing (including finance income) and income taxes are managed on a Group basis and are not allocated to operating segments. Transfer prices between operating segments are at arm's length basis in a manner similar to transactions with third parties.

There are no customers who contributed individually more than 10 % to the Group's revenue for the years ended 31 March 2022 and 31 March 2021.

40A Financial Risk Management Objectives & Policies

The Group's principal financial liabilities comprise of short tenured borrowings, trade and other payables. Most of these liabilities relate to the Group's working capital cycle. The Group has trade and other receivables, loans and advances that arise directly from its operations.

The Group is accordingly exposed to market risk, credit risk and liquidity risk.

The Group's senior management oversees management of these risks. The senior professionals working to manage the financial risks for the Group are accountable to the Board of Directors and the Audit Committee. This process provides assurance that the Group's financial risk-taking activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with Group's policies and overall risk appetite. All foreign currency hedging activities for risk management purposes are carried out a team that have the appropriate skills, experience and supervision. In addition, independent views from bankers and currency market experts are obtained periodically to validate risk mitigation decisions. It is the Group's policy that no trading in derivatives for speculative purposes shall be undertaken.

The Audit Committee reviews and agree policies for managing each of these risks which are summarised below:

(a) Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprise currency rate risk and interest rate risk. Financial instruments affected by market risk include loans and borrowings, deposits, advances and derivative financial instruments.

The Group's activities expose it to a variety of financial risks, including the effects of changes in foreign currency exchange rates and interest rate movement.

SWELECT ENERGY SYSTEMS LIMITED

Notes to Consolidated financial statements for the year ended 31 March 2022

(All amounts are in ₹ Lakhs, unless otherwise stated)

PARTICULARS	As at 31 March 2022	As at 31 March 2021
Variable rate borrowings	45,652.18	35,350.89
Total	45,652.18	35,350.89

i) Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings. With all other variables held constant, the Group's loss before tax is affected through the impact on floating rate borrowings, as follows:

PARTICULARS	Increase/ decrease in basis points	Effect on Profit before tax
31 March 2022	- 52 basis points	237.39
	+ 52 basis points	(237.39)
31 March 2021	- 186 basis points	657.53
	+ 186 basis points	(657.53)

ii) Foreign Currency Risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Group transacts business in local currency and in foreign currency, primarily US Dollars. The Group has foreign currency trade payables and receivables and is therefore, exposed to foreign exchange risk.

The Group manages its foreign currency risk by way of a periodical assessment for hedging appropriate percentage of its foreign currency exposure, as per its established risk management policy duly considering the nature of the foreign currency receivable/payables, the fluctuation in the foreign currencies etc.

As at the reporting dates, the Group did not have any outstanding derivative contracts to hedge its foreign currency exposures as at these dates.

Foreign Currency Sensitivity

The following table demonstrates the sensitivity in the USD, Euro and other currencies to the functional currency of the Group, with all other variables held constant. The impact on the Group's profit before tax is due to changes in the fair value of monetary assets and liabilities including foreign currency derivatives.

Particulars	Change in currency exchange rate	Effect on profit before tax		Effect on equity	
		For the year ended	For the year ended	For the year ended	For the year ended
		31 March 2022	31 March 2021	31 March 2022	31 March 2021

Euro	5%	(0.36)	(121.44)	(0.36)	(121.44)
	-5%	0.36	121.44	0.36	121.44

(b) Credit Risk

Credit risk is the risk that a counter party will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Group is exposed to credit risk from its operating activities, primarily trade receivables and from its financing activities, including deposits with Banks, foreign exchange transactions and other financial instruments.

SWELECT ENERGY SYSTEMS LIMITED

Notes to Consolidated financial statements for the year ended 31 March 2022

(All amounts are in ₹ Lakhs, unless otherwise stated)

i) Trade and other receivables

Customer credit risk is managed by each business unit subject to the Group's established policy, procedures and controls relating to customer credit risk management. Trade receivables are non-interest bearing and are generally on credit term in line with respective industry norms. Outstanding customer receivables are regularly monitored. The Group has no concentration of credit risk as the customer base is widely distributed both economically and geographically.

Exposures to customers outstanding at the end of each reporting period are reviewed by the Group to determine incurred and expected credit losses based on historical trends and other factors. Given that the macro economic indicators affecting customers of the Company have not undergone any substantial change, the Group expects the historical trend of minimal credit losses to continue. Further, Management believes that the unimpaired amounts that are past due by more than 30 days are still collectible in full, based on historical payment behaviour and extensive analysis of customer credit risk. The impairment loss as at the reporting dates related to several customers that have defaulted on their payments to the Group and are not expected to be able to pay their outstanding balances, mainly due to economic circumstances.

In addition, an impairment analysis is performed at each reporting date on an individual basis for all the major individual customers. The summary of exposure in trade receivables are as follows:

The ageing analysis of trade receivables as of the reporting date is as follows:

Particulars	Neither past due nor impaired	Past due but not impaired		Total
		Less than 1 year	More than 1 year	
Trade Receivables as at 31 March, 2022	5,354.03	2,338.28	1,411.39	9,103.70
Trade Receivables as at 31 March, 2021	7,082.16	3,499.29	1,476.70	12,058.15

The requirement for impairment is analysed at each reporting date and provision is based on the Expected Credit Loss Method by following a provision matrix which results in provision percentages in the range of 10% to 100% based on the age bucket of receivables ranging from 0.5 years to 5 years and more.

Lease rent receivable

The Group's leasing arrangements represent the buildings and land let out to various customers which have been classified as Operating Lease. The creditworthiness of the customer is evaluated prior to sanctioning credit facilities. Appropriate procedures for follow-up and recovery are in place to monitor credit risk. The Group does not expect any losses from non-performance by these counter-parties.

Cash and bank balances

The Group held cash and cash equivalents with credit worthy banks and financial institutions as at the reporting dates. The credit worthiness of such banks and financial institutions are evaluated by the management on an ongoing basis and is considered to be good.

Other financial assets including investments

The Group does not expect any losses from non-performance by the counter-parties.

ii) Financial instruments and cash deposits

Credit risk from balances with banks is managed by Group's treasury in accordance with the Board approved policy. Investments of surplus funds, temporarily, are made only with approved counterparties, mainly mutual funds, who meet the minimum threshold requirements under the counterparty risk assessment process.

SWELECT ENERGY SYSTEMS LIMITED

Notes to Consolidated financial statements for the year ended 31 March 2022

(All amounts are in ₹ Lakhs, unless otherwise stated)

(c) Liquidity Risk

Liquidity risk is the risk that the Group may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses. The Group's objective is to, at all times maintain optimum levels of liquidity to meet its cash and collateral requirements. The Group closely monitors its liquidity position and deploys a robust cash management system. It maintains adequate sources of financing including loans, debt, and overdraft from both domestic and international Banks at an optimised cost.

The table below summarise the maturity profile of the Group's financial liabilities based on contractual undiscounted payments:

Particulars	As at 31 March 2022			Total	Carrying Value
	Less than 1 year	1- 5 years	More than 5 years		
Borrowings	27,120.14	15,386.58	3,145.46	45,652.18	45,652.18

Total	27,086.89	14,467.54	843.95	42,398.38	42,398.38

40B Capital Management

Capital includes equity attributable to the equity holders of the Group and net debt. Primary objective of Group's capital management is to ensure that it maintains an optimum financing structure and healthy returns in order to support its business and maximise shareholder value. The Group manages its capital structure and makes adjustments, in light of the changes in economic conditions or business requirements. The Group monitors capital using a gearing ratio which is net debt divided by total capital plus net debt. Net debt is calculated as loans and borrowings less cash and cash equivalents.

Gearing Ratio:

Particulars	As at	As at
	31 March 2022	31 March 2021
Borrowings	45,652.18	35,350.89
Less: Cash and cash equivalents	(10,799.55)	(1,501.64)
Net Debt	34,852.63	33,849.25
Equity	78,676.00	74,908.10
Total Capital	78,676.00	74,908.10
Capital and Net Debt	1,13,528.63	108,757.35
Gearing Ratio	30.70%	31.12%

- 41 The Group assesses the recoverability of its Group Assets on an annual basis, duly considering the significant estimates and judgements which inter-alia includes the discounted cash flows determined based on the revenue projections, probable recovery of claims and discount rates calculated based on the cost of equity for the applicable Asset, adjusted for the proposed restructuring. All of these estimates and judgements have inherent uncertainties and the actual results may differ from that estimated as at the date of the Balance sheet. The Group has revisited the projections made in the previous year taking into account the probable beneficial results arising from the various initiatives being undertaken with regard to restructure of the customer contracts, submission and pursuing with appropriate authorities on relevant claims.

SWELECT ENERGY SYSTEMS LIMITED

Notes to Consolidated financial statements for the year ended 31 March 2022

(All amounts are in ₹ Lakhs, unless otherwise stated)

42 The Company commissioned the 10 MW Solar Power Plant in Kunigal, Karnataka during the financial year 2017-18 .
